JOURNALS
OF THE
LEGISLATIVE ASSEMBLY
OF THE
PROVINCE OF ONTARIO
3rd Session—25th Parliament

FIRST DAY

MONDAY, JANUARY 28TH, 1957

PROCLAMATION

L. O. BREITHAUPT

CANADA

PROVINCE OF ONTARIO

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom, Canada and Her other Realms and Territories QUEEN, Head of the Commonwealth, Defender of the Faith.

To Our Faithful the Members elected to serve in the Legislative Assembly of Our Province of Ontario and to every of you—GREETING:

PROCLAMATION

A. K. ROBERTS, }
Attorney-General. } **W**HEREAS it is expedient for certain causes and considerations to convene the Legislative Assembly of Our Province of Ontario, WE DO WILL that you and each of you and all others in this behalf interested, on Monday, the twenty-eighth day of January now next, at Our City of Toronto, personally be and appear for the actual Despatch of Business, to treat, act, do and conclude upon those things which, in Our Legislature for the Province of Ontario, by the Common Council of Our said Province, may by the favour of God be ordained.

HEREIN FAIL NOT.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made Patent and the GREAT SEAL of Our Province of Ontario to be hereunto affixed.

WITNESS:

THE HONOURABLE LOUIS ORVILLE BREITHAUPT, Doctor of Laws,
Lieutenant-Governor of Our Province of Ontario,

at Our City of Toronto in Our said Province this fifteenth day of January in the year of Our Lord one thousand nine hundred and fifty-seven and in the fifth year of Our Reign.

BY COMMAND.

G. H. DUNBAR,
Provincial Secretary.

Monday, the twenty-eighth day of January, 1957, being the first day of the Third Session of the Twenty-fifth Parliament of the Province of Ontario for the Despatch of Business pursuant to a Proclamation of the Honourable Louis O. Breithaupt, LL.D., Lieutenant-Governor of the Province.

3 O'CLOCK P.M.

And the House having met,

The Honourable the Lieutenant-Governor of the Province then entered the House and, being seated on the Throne, was pleased to open the Session by the following gracious speech:

Mr. Speaker and Members of the Legislative Assembly of Ontario:

It is a pleasure to welcome you to this Third Session of the Twenty-fifth Legislature.

During this Session, you will have occasion to consider and act on many matters of far-reaching importance. Ontario's great economic achievements have been accompanied by problems of growth—problems that the Province must overcome if its progress is not to be arrested.

The Ontario economy during the past year again recorded a spectacular advance, continuing the expansion that has been the dominant feature of the post-war years. Ontario's population, now 5½ million, has been increasing, as has its industry, at a more rapid rate than that of the rest of Canada. While this remarkable growth has brought higher living standards, it has also imposed heavy burdens on the Province and its people. With this expansion have come unprecedented demands for schools, universities, hospitals, highways, municipal roads, water and sewage works and many other services related to health, welfare and development. These services are at the very foundation of our

prosperity and progress. They constitute a crystallization of demands upon the Province across a wide and varied front and present it with the most formidable challenge in its history.

Owing to the contraction of public works during the depression and war years, the Province and its municipalities, since 1945, have been obliged to undertake major programs designed not only to meet this backlog of need but also the demands arising from the accelerated post-war growth of population and industry. To cope with this situation, the Province, for more than a decade, has carried out a program of capital investment which is incomparably larger than anything ever before attempted.

In the last decade more than \$1¼ billion has been spent in providing over a threefold increase in Ontario Hydro's electric power capacity. Rapidly increasing motor vehicle registrations, now totalling over 1,700,000, have necessitated the spending of huge sums to extend and improve our highways system. During this period, \$1¼ billion has been provided in assistance to our municipalities, nearly half of which has been spent on education. Rapid population growth has made it imperative that a large scale increase in hospital accommodation be provided in both the public general hospitals and mental institutions. Assistance has been provided for housing during a period in which new accommodation for more than one million people has been built. In almost every phase of provincial activity, huge amounts of provincial money have been required to meet the needs of a growing economy.

Marked progress is being made in bringing into operation several major projects which will have far-reaching implications. The St. Lawrence power project—long talked of—is rapidly becoming a reality. The construction of a nuclear power demonstration plant, which we are confident will be the forerunner of practical power generation from uranium—a great Ontario asset—is being undertaken near Chalk River. Our mounting power requirements strongly underline the need for western gas and oil, and the year 1957 will undoubtedly be one of exceptional progress in the transmission of these vital power and energy resources.

To meet the requirements of our municipalities for fresh water supplies and for the control and abatement of pollution, the Ontario Water Resources Commission has been formed.

These and other developments which are under way or in the planning stage will add to the strength and well-being of our country. At the same time, they emphasize the requirements of the Province and municipalities for additional revenue and capital money.

In these matters, regard must be had for the position of the municipalities. There is no better evidence of the partnership arrangement which exists between the Province and the municipalities than the fact that 40 cents of every dollar of the Province's revenue is now being paid out in grants to municipalities, school boards and other local agencies. This means, at the municipal level, that for every \$2 raised by way of taxation an additional \$1 is added from the provincial level. At the last Session you authorized grants to municipalities totalling \$185 million. This year, you will be asked to approve a further substantial increase.

You will be asked to consider matters involving far-reaching municipal reforms. The Government's policy designed to bring about an equalization of municipal assessment for determining grants has made excellent progress, but this work will have to be accelerated. With Provincial grants of the magnitude now being paid, a common yardstick of assessment for grant purposes is essential to provide a uniform basis for the equitable distribution of these grants.

Wise municipal administration, combined with a tenfold increase in Provincial grants in the last dozen years alone, has served remarkably well to contain municipal tax levies in terms of constant dollars. Indeed, after allowing for the rise in prices and incomes and the growth in population, municipal tax levies are lower today than they were fifteen to twenty-five years ago. Despite this, the immense need for education and other services in this fast-growing Province demands reforms and additional assistance, all of which you will be asked to consider. The Province and its municipalities face a continuing expansion in the demand for the services they render, and solutions must be found.

Underlying the municipal problem is that of education. The needs of our children, who are at once our greatest responsibility and our greatest asset, require that education continue to receive our closest attention. Formidable as it is, the problem of providing classroom accommodation is not the only one: that of increasing the supply of teachers is equally pressing. School population has now reached 1,100,000—an increase of 66 per cent in the last ten years—and it will double in the next fifteen to twenty years. Plans will be placed before you to help our municipalities meet their educational and other requirements, not only fiscally but administratively.

During the past year discussions were held with the Government of Canada and with other provinces to evolve for the next five years a system of fiscal arrangements that would provide this Province with revenues more in accord with its needs. While some favourable adjustments were obtained, the arrangements which have emerged fall far short of providing this Province with a fair and equitable solution.

As a result of the high federal rates of tax first imposed during the war years, the Federal Government's treasury has been filled to overflowing. The Federal Government has been able to finance out of current revenues not only all of its ordinary and capital expenditures, including some capital commitments extending over many years, but also to retire debt. Debt retirement is sound and desirable, but the paradox of declining federal debt and rising provincial and municipal debt cannot be accepted with equanimity.

Looking ahead, no abatement in the need for provincial and municipal capital works is in sight. Indeed, any slackening in development could only limit Canada's economic future. Studies made during the past year indicate the impressiveness of the program of public projects ahead—a program that is fundamental to the strengthening of our country and Province and to the raising of the living standards of our people.

The Federal Government's failure to face up realistically to the changing pattern of provincial and municipal requirements in this great tax-earning province makes our task infinitely more difficult. The problem is further

aggravated by the rise in interest rates and the restriction on credit. If the provincial and municipal program is to go ahead and if we are to better our way of life, additional revenues must be obtained. You will be called upon to consider and act on these highly important matters.

At the last Session, the Legislature had the opportunity of reviewing in a very practical manner the subject of hospital care insurance. Since then, it has continued to receive intensive study. A sound, practicable plan has been submitted to the Federal Government as a basis for a Federal-Provincial agreement. One of the requisites of the plan is an efficient administration which will prevent it from being submerged in unnecessary costs. Full details will be presented to the Legislature, and ample opportunity will be afforded for discussion.

You will be asked to consider amendments to The Ontario Hospital Services Commission Act, 1956, and to approve a complete revision of The Public Hospitals Act. During this year the new Cancer Institute, one of the most modern centres for diagnosis and treatment, will come into operation. You will be asked to consider enactments providing for the operation of this Institute.

A further expansion of the production of polio vaccine now makes it possible to assure, before the end of next June, the immunization of all children between the ages of 6 months and 19 years. This will mean that by that time 1,600,000 children will have received at least two inoculations of vaccine.

The Government is constantly seeking and applying new scientific measures to maintain a healthy and well-adjusted population and to accelerate the restoration to normal, useful lives of individuals who are physically or mentally handicapped or in other difficulties. New techniques and methods of treatment are bringing about extremely encouraging results in shortening the stay of mentally ill patients in Ontario Hospitals.

In another related field—tuberculosis—heartening strides have been made in reducing the incidence and mortality rates of this dread disease. So effective has been this new program, using the latest medical methods, that full recovery is now achieved in some cases which formerly would have been considered hopeless. In many others, the time of confinement in hospital has been greatly reduced. It is confidently expected that services for the treatment of tuberculosis as well as mental illness will be embodied in the hospital-care plan.

The Government's comprehensive program of welfare is being extended. Persons with physical and other handicaps are increasingly afforded opportunities to undertake useful work. Many who have been disabled as a result of disease or injury are being given vocational training. The emphasis is upon making such persons self-supporting. So successful and gratifying have these results been that the program is now province-wide in its operation.

Attention is also being given under welfare legislation to the betterment of the position of children under The Mothers' Allowances Act through broadening the basis of payments. You will be asked to approve legislation to substitute for the existing flat rates a schedule of allowances which recognizes the budgetary needs of families. Steps are also being taken to make available dental care and

treatment to all Ontario children under 18 years of age who are the sons or daughters of social assistance cases. There has been a gratifying increase in the number of Homes for the Aged coming into operation, and this program is being continued. This additional accommodation will relieve the pressure on our public general hospitals.

Agriculture, in its key relationship to the Province's economic development and activity, is also receiving the close attention of the Government. Arising out of the decision of the Supreme Court of Canada in respect to the marketing of farm products, legislation will be submitted to you for your consideration and action for the development of sound farm marketing plans. The Province's research and extension services are being augmented. With the extension of agriculture in Northern Ontario, plans are being made to broaden assistance and supervisory services.

The Province is experiencing a remarkable expansion of its mining industries. Several new mining areas, the future potential of which is incalculable, are coming into operation. To meet the conditions emerging, the Government proposes to enact new legislation. You will be asked to approve amendments to The Mining Act providing for the separation of surface and mineral rights in Crown lands. Under this legislation, mining rights may be obtained under the same conditions as in the past, except that surface rights that are not required for mining operations will be reserved for the Crown. This will make it possible for the Province to plan new communities and to develop its mineral and forest resources in a sound and effective way, thereby preserving the heritage of our lands for future generations without interfering with the normal development of mining. In addition, amendments will be introduced reinforcing safety regulations governing operations in mines. This matter is, of course, always under review.

The Province's access roads program is being extended. This year will see connecting links made with Nakina, Foleyet and Hornepayne as well as the completion of the Seagram-Caramat section of the Manitouwadge Road.

Under the Government's recent policy, over 100 parks encompassing more than 40,000 acres have been acquired, or are in the process of being acquired, for reserve and development purposes. Forty-six parks across the Province have been obtained in the past year. Densely populated southern Ontario as well as our great northland will have important park areas. In southern Ontario, a 4,000 acre pinery on Lake Huron and a 500 acre park on Lake Simcoe have been acquired.

To keep pace with our development, the Department of Highways is engaged in carrying out the largest volume of work in its entire history. Full details of what is being done and what is projected will be laid before you. Emphasis is being placed on the completion of Highway 401 from Windsor to the Quebec border, and on the closing of other gaps in trans-Ontario highways, including the construction of the section between Agawa and Marathon on the Trans-Canada Highway. Work is also proceeding on the Burlington Skyway, which is expected to be open for traffic early in 1958, while plans for the construction of the Queensway highway in Carleton County are under negotiation.

In addition to completing an unprecedented volume of construction, the Department of Highways continues to push ahead with the strengthening of its organization. Among the administrative improvements introduced are: a new tenders procedure which is entirely open to the public; a system of liquidated damages devised to encourage the completion within a specified time of work covered by contracts; a system of pre-qualification of contractors; and a system of awarding a greatly increased volume of work during the winter months to enable contractors to prepare in advance for the carrying out of this work in the construction season.

Measures aimed at highway safety are being extended. The number of local safety councils has been increased, while special traffic clinics have been established in association with many of the magistrates courts. Various improvements are being co-ordinated through a broad plan of traffic safety in schools, courts, industry and in the community generally.

Last year, motor vehicle registrations rose by an additional six per cent. The ever-increasing traffic density continually underscores the need for safety, and continuous efforts are being made to keep at a minimum the number of accidents, injuries and deaths which occur on our highways. The co-operation of everyone is enlisted in this endeavour to save lives and alleviate the suffering that arises from motor vehicle accidents. A new system of driver examination has been introduced in certain areas and will be extended. Amendments will be made to The Highway Traffic Act and it is proposed that the minimum liability requirements of the financial responsibility law be raised to meet the new conditions imposed by the higher costs of medical care and vehicle repairs. It is also proposed to amend The Summary Convictions Act in several particulars. Legislation will also be introduced re-defining the provisions relating to bail for persons accused of crime, while a number of other amendments will be made to various other Acts, designed to improve the administration of justice.

The Government's policy of erecting plaques to commemorate historical sites and events will be continued and extended.

During the year, management-labour relations were, in general, harmonious. An historic event occurred when Canada's two major trade union congresses joined to form the Canadian Labour Congress. Amendments to The Labour Relations Act will be placed before you. Among these will be one to permit the Ontario Labour Relations Board to sit as panels. As such, they will be able to deal more expeditiously with the increasing volume of work arising from our growing industrialization. It is also proposed to amend The Factory, Shop and Office Building Act to give greater protection to the health of workers engaged in occupations where there are atomic radiation hazards.

The Departments of Health and Planning and Development are co-operating in meeting the needs of New Canadians coming within our borders. Over 50 per cent of New Canadians settle in Ontario where they are being successfully placed in positions which help them to attain citizenship.

There will be amendments to The Cemeteries Act designed to implement the recommendations of the Select Committee of 1955.

In addition to the new legislation previously mentioned, amendments will be introduced to the following: The Public Health Act, The Sanatoria for Consumptives Act, The Mental Health Act, The Mental Hospitals Act, The Nursing Act of 1951, The Pharmacy Act of 1953, The Private Hospitals Act, The Housing Development Act, The Planning Act of 1955, The Conservation Authorities Act, The Municipal Act, The Assessment Act, The Public Schools Act, The Municipality of Metropolitan Toronto Act, 1953 and the Acts governing various Government agencies such as the Ontario Fuel Board, the Ontario Water Resources Commission and the Ontario Hospital Services Commission.

Work of the Select Committees is being advanced. A second Report of The Select Committee on Toll Roads and Highway Financing will be presented to the Legislature.

The public accounts for the fiscal year ended March 31, 1956, as well as the Treasurer's Budget Statement, which will present a review of the financial operations for this fiscal year and the contemplated program of expenditures and revenues for the fiscal year beginning next April 1, will be submitted for your consideration. All of these reflect the growth of our economy and the heavy demands that such growth imposes upon the Province.

Gratitude is expressed to the public servants of Ontario for the faithful discharge of their duties and responsibilities.

I pray that Divine Providence will guide you in your deliberations.

His Honour was then pleased to retire.

3.40 O'CLOCK P.M.

Mr. Speaker then reported,

That, to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read.

The following Bill was introduced, read the first time, and ordered to be read the second time to-morrow:—

Bill No. 45, An Act to amend The Religious Institutions Act. *Mr. Roberts.*

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That the Speech of the Honourable the Lieutenant-Governor to this House be taken into consideration to-morrow.

Mr. Speaker informed the House,

That he had received during the recess of the House notification of vacancies which had occurred in the Membership of the House by reason of the deaths of William Elmer Brandon, Member for the Electoral District of York West, and Thomas L. Patrick, Member for the Electoral District of Middlesex North.

The Prime Minister expressed the sorrow of the House on the deaths of these members.

Mr. Oliver, Leader of Her Majesty's Loyal Opposition, and Mr. MacDonald joined with the Prime Minister in his remarks.

Before moving the adjournment of the House, the Prime Minister spoke about the new public address system in the Chamber.

The House then adjourned at 4.00 p.m.

On motion by Mr. Frost, the House resolved itself into a committee to enable Mr. Janes to express his thanks to the House for his election as Chairman of the Committee of the Whole House for the present Session.

The Prime Minister Tabled The Proposal of the Ontario Government on Hospital Care Insurance for Ontario. (*Sessional Paper No. 48.*)

After some time the Proposal was, on motion by Mr. Frost, referred to the Standing Committee on Health.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Public Accounts of the Province of Ontario for the Fiscal Year ended 31st March, 1956. (*Sessional Paper No. 1.*)

Report of the Provincial Auditor, Ontario, 1955-56. (*Sessional Paper No. 3.*)

The House then adjourned at 5.25 p.m.

NOTICES OF MOTIONS

1. *Mr. Oliver*—Resolution—That a Select Committee of the House be appointed to examine into and report upon the adequacy of The Municipal Act, The Municipal Board Act and The Assessment Act in relation to the present-day requirements of municipal government.

And That the Select Committee have authority to sit during the interval between Sessions and have full power and authority to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

2. *Mr. Reaume*—Resolution—That in the opinion of this House it is desirable and necessary that a meeting be called forthwith of the Standing Committee on Labour of this House for the purpose of considering the operations to date of The Labour Relations Act as administered by the Minister of Labour so as to find ways and means of improving the conciliation services provided for by the Act and of eliminating delays in the working out of same and so as to provide prompt and efficient machinery for the settlement of industrial disputes and grievances and that representatives of both management and labour and any other interested parties or organizations be invited to attend to make such submissions as they might deem desirable in the matter.

3. *Mr. MacDonald*—Resolution—That in the opinion of this Legislature, consideration should be given to the establishment of a Student Aid Fund from which interest-free loans can be advanced to residents of Ontario who wish to continue their education beyond secondary school.

4. *Mr. Thomas (Oshawa)*—Resolution—That in the opinion of this House a public automobile accident insurance plan of universal coverage affords more equitable treatment of motorists and better protection for the general public than the financial responsibility and unsatisfied judgment provisions of The Highway Traffic Act.

1. *Mr. MacDonald*—Enquiry of the Ministry—1. What amount was paid: (a) in acreage rental, and (b) in Mines Profits Tax by International Nickel during the last fiscal year for which figures are available.

2. *Mr. MacDonald*—Enquiry of the Ministry—1. What acreage of forest area which has been stripped of timber resources, and upon which natural regeneration has not taken place, still awaits reforestation.

3. *Mr. MacDonald*—Enquiry of the Ministry—1. What percentage of our pulp wood cut was spruce during the last year for which figures are available.

4. *Mr. MacDonald*—Enquiry of the Ministry—1. How many instances of inhumane treatment of horses in camps throughout northern Ontario were reported to the government since January 1, 1956. 2. What regulations are there forbidding such cruelty to animals. 3. Under whose jurisdiction does the enforcement of such regulations fall.

FOURTH DAY

THURSDAY, JANUARY 31ST, 1957

PRAYERS

3 O'CLOCK P.M.

The following Petition was read and received:—

Of the Corporation of the City of Peterborough praying that an Act may pass amending The City of Peterborough Act, 1908, as amended, to alter the

provisions with respect to the manner of voting for aldermen at municipal elections.

Before the Orders of the Day Mr. Allan, Minister of Highways, made reference to an article in the Toronto Globe and Mail of Tuesday, January 29th, 1957, in which it was alleged that a highway construction contract had been sold by one construction company to another.

Mr. Allan informed the House that the contract in question, awarded in 1953 to the lowest bidder, had subsequently been sublet by that contractor to the second lowest bidder. This had been properly done with the approval of the Officials of the Department of Highways and in complete accord with the regulations then in force.

The Order of the Day for the Consideration of the Speech of the Honourable the Lieutenant-Governor at the opening of the Session having been read,

Mr. Wardrope moved, seconded by Mr. Rowntree,

That an humble Address be presented to the Honourable the Lieutenant-Governor as follows:—

*To the Honourable Louis O. Breithaupt, LL.D.,
Lieutenant-Governor of the Province of Ontario.*

We, Her Majesty's most dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious speech Your Honour has addressed to us.

And a debate having ensued, it was, on motion by Mr. Oliver,

Ordered, That the Debate be adjourned.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Thirty-ninth Annual Report of the Civil Service Commission for Ontario for the year ending March 31, 1956. (*Sessional Paper No. 35.*)

Thirty-sixth Annual Report of the Public Service Superannuation Board (*Sessional Paper No. 34.*)

Report of the Provincial Auditor on the Public Service Retirement Fund for the year ended March 31, 1956. (*Sessional Paper No. 33.*)

Report of the Provincial Auditor on the Public Service Superannuation Fund for the year ended March 31, 1956. (*Sessional Paper No. 32.*)

The House then adjourned at 5.30 p.m.

NOTICES OF MOTIONS

5. *Mr. Oliver*—Enquiry of the Ministry—What was the cost of Elementary and Secondary school construction in Ontario in 1955 and in 1956. How many Elementary and Secondary School class-rooms were constructed. What was the approved cost of the schools. What was the actual cost of the schools. How much did the Department pay in construction grants. How many auditoria, gymnasia, home economics rooms, teachers' rooms, laboratoria, shops, principals' offices, music rooms, art rooms and library rooms were constructed. Was a grant paid for any of them. How much did they cost. How many new schools were built without an auditorium or a gymnasium. How many new schools were built without any of the other rooms mentioned above. What is the government policy towards construction grants.

6. *Mr. Worton*—Enquiry of the Ministry—How many resignations have there been in the past two years from the Ontario Agricultural College and from the Ontario Veterinary College.

The Debate was resumed, and, after some time,

Mr. Oliver moved, seconded by Mr. Nixon,

That the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following words:—

“But this House regrets the government has failed to:

1. Indicate any adequate policies to meet the needs of agriculture and to investigate the price spread between what the farmer receives and the consumer pays for agricultural products.

2. Recognize and acknowledge its responsibility to the well-being of our old age pensioners and has neglected to offer assurance to them that the financial difficulties into which they are being pressed will be relieved by payment of a provincial supplementary old age pension.

3. Give adequate assurance that this year it intends to increase its share of the cost of education in Ontario from 35 to 50 per cent of the total cost and thereby, for the first time, honor its promises of 1943 to pay 50 per cent of the cost of education in Ontario.

4. Introduce policies or programs which will halt and reverse its current practices which have lowered professional teacher training standards and which will overcome the current shortage of qualified elementary and secondary school teachers in Ontario and which will prove adequate to meet the province's need of qualified teachers in the future.

5. Indicate its recognition of the changing character of municipal services and to offer to the municipalities, through a provincial-municipal conference, the opportunity to define responsibilities and to allocate revenue sources appropriate to the discharge of these responsibilities.”

And the debate having continued, after some time it was, on motion by Mr. MacDonald,

Ordered, That the Debate be adjourned.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

The Prime Minister Tabled Answers to Questions as follows:—

4. *Mr. MacDonald*—Enquiry of the Ministry—1. How many instances of inhumane treatment of horses in camps throughout northern Ontario were reported to the government since January 1, 1956. 2. What regulations are there forbidding such cruelty to animals. 3. Under whose jurisdiction does the enforcement of such regulations fall.

Answer by the Attorney-General:—

1. No specific instances of inhumane treatment of horses in bush camps were reported to this Department. However, the Department has received numerous letters from persons on the general subject of alleged cruelty to horses in bush camps. These letters have always followed reports in the Press of cases in the Magistrate's Court of prosecutions of offenders for cruelty to animals or, in other instances, the publication of bulletins by the Society for the Prevention of Cruelty to Animals.

2. The Criminal Code Section 387.

3. Any interested person may lay an Information.

The Ontario Provincial Police are working in close co-operation with the Ontario Society for the Prevention of Cruelty to Animals regarding the inspection of horses used in lumber camp operations. Specific members of the Force have been allotted to this special duty and special equipment in the nature of jeeps has been provided. Since October 1st, 1956, these officers have travelled 24,186 miles, have visited 434 camps and have checked 5,174 horses.

In addition, the field organization of the Department of Lands and Forests have been instructed to bring any cases of alleged cruelty to animals in bush camps that come to their notice in the course of their duty, to the attention of the Ontario Provincial Police.

TWENTIETH DAY

FRIDAY, FEBRUARY 22ND, 1957

PRAYERS

2 O'CLOCK P.M.

Mr. Speaker informed the House that the Clerk had received from the Commissioners of Estate Bills their report in the following case:—

Bill No. 16, An Act respecting The Hamilton Health Association.

THE SUPREME COURT OF ONTARIO (CREST) Osgoode Hall, Toronto 1

HONOURABLE MR. JUSTICE GIBSON, 21st February, 1957.
HONOURABLE MR. JUSTICE MACKAY.

Roderick Lewis, Esq., Q.C.,
Clerk of the Legislative Assembly,
Parliament Buildings,
Toronto, 2.

Re Private Bill No. 16, An Act Respecting
The Hamilton Health Association

Sir:

The undersigned Commissioners of Estate Bills, as provided by The Legislative Assembly Act, R.S.O. 1950, Chapter 202, Section 57, having had the said Bill referred to us as such Commissioners, now beg to report thereon.

We are of the opinion that the provisions of the Bill are not proper for carrying its purposes into effect in that the Supplementary Letters Patent provided for the maintenance and operation of laboratories and all other services incidental to such institution and to a research organization in problems of any disability, illness or disease, and to provide instruction to students in medicine and in laboratory technique, as well as for the treatment and cure of patients as provided for in the Bill.

We hereby submit the amendments to the Bill which, in our opinion, are proper and necessary in order to carry its purposes into effect. In the place and stead of section 1 of the Bill the following section should be substituted:—

- (1) Notwithstanding any trust or limitation created by any donation, gift, devise or bequest heretofore made to the Hamilton Health Association, whether heretofore or hereafter received by the Association, the Association may use such donations, gifts, devises and bequests for all or any of the purposes authorized by the Supplementary Letters Patent, and in accordance with the objects and by-laws of the Association.

We are of the opinion that the provisions of the said Bill, as amended, are proper for carrying its purpose into effect, and that it is reasonable that such Bill be passed into law.

The Bill duly signed by the Commissioners and the Petition for the same are accordingly returned herewith.

We have the honour to be, Sir,

Your Obedient Servants,

(signed) COLIN GIBSON,
F. G. MACKAY,
Commissioners of Estate Bills.

Ordered, That the Bill, together with the report of the Commissioners of Estate Bills thereon, be referred to the Standing Committee on Private Bills.

Mr. Kerr, from the Standing Committee on Education, presented the Committee's Second Report which was read as follows and adopted:—

Your Committee begs to report the following Bill without amendment:—

Bill No. 63, An Act to amend The Public Libraries Act.

Also to report the following Bill with a certain amendment:—

Bill No. 70, An Act to amend The Teachers' Superannuation Act.

The following Bills were severally introduced, read the first time, and ordered to be read the second time on Monday next:—

The House then adjourned at 5.55 p.m.

TWENTY-FOURTH DAY

THURSDAY, FEBRUARY 28TH, 1957

PRAYERS

3 O'CLOCK P.M.

Mr. Hall from the Standing Committee on Standing Orders presented the Committee's Third Report which was read as follows and adopted:—

Your Committee recommends that the Petition of the Corporation of the Town of Fort Frances praying that an Act may pass validating a By-law of the Corporation authorizing the sale of the Fort Frances Municipal Telephone System to The Bell Telephone Company of Canada be forthwith received, and that the provisions of Rule Number 63 respecting the time for receiving petitions and of Rule Number 66 respecting the time of the publication of the notice be suspended as they apply to this application.

Mr. Maloney, from the Standing Committee on Private Bills, presented the Committee's Fifth Report, which was read as follows and adopted:—

Your Committee begs to report the following Bills without amendment:—

Bill No. 32, An Act respecting the Municipality of Neebing.

Bill No. 33, An Act respecting the Township of Grantham.

Bill No. 35, An Act respecting Sacred Heart College of Sudbury.

Your Committee begs to report the following Bills with certain amendments:—

Bill No. 19, An Act respecting The Board of Education for the City of Windsor.

Bill No. 36, An Act respecting the City of Sault Ste. Marie.

Your Committee would recommend that the following Bill be not reported:—

Bill No. 37, An Act respecting the Town of Hawkesbury.

Your Committee would recommend that the fees less the penalties and the actual cost of printing be remitted on Bill No. 35, An Act respecting Sacred Heart College of Sudbury.

Your Committee recommends that the provisions of Rule Number 63 respecting the time for presentation of Private Bills be suspended as it applies to the introduction of a Bill entitled "An Act respecting the Town of Fort Frances".

The following Petition was brought up and laid on the Table:—

By Mr. Noden, the Petition of the Corporation of the Town of Fort Frances.

The following petition was read and received:—

Of the Corporation of the Town of Fort Frances praying that an Act may pass validating a By-law of the Corporation authorizing the sale of the Fort Frances Municipal Telephone System to The Bell Telephone Company of Canada.

The following Bill was introduced, read the first time, and referred to the Committee on Private Bills:—

Bill No. 38, An Act respecting the Town of Fort Frances. *Mr. Noden.*

The following Bills were severally introduced, read the first time, and ordered to be read the second time to-morrow:—

Bill No. 118, An Act to amend The Succession Duty Act. *Mr. Porter.*

Bill No. 119, An Act to amend The Mining Tax Act. *Mr. Kelly.*

Bill No. 120, An Act to amend The Telephone Act, 1954. *Mr. Goodfellow.*

Bill No. 121, An Act to amend The Dog Tax and Live Stock Protection Act. *Mr. Goodfellow.*

Bill No. 122, An Act to amend The Administration of Justice Expenses Act. *Mr. Roberts.*

Bill No. 123, An Act to amend The Coroners Act. *Mr. Roberts.*

Bill No. 124, An Act to amend The Crown Witnesses Act. *Mr. Roberts.*

Bill No. 125, An Act to amend The Crown Attorneys Act. *Mr. Roberts.*

Bill No. 126, An Act to amend The Sheriffs Act. *Mr. Roberts.*

Bill No. 127, The Private Hospitals Act, 1957. *Mr. Phillips.*

The Order of the Day for the consideration of the Report of the Select Committee on Toll Roads having been read, the discussion of the Report was resumed, and, after some time,

On motion by Mr. Mackenzie,

Ordered, That the debate be adjourned.

The Order of the Day for the second reading of Bill No. 98, An Act to amend The Gasoline Tax Act, having been read,

Mr. Porter moved that the Bill be now read a second time, and a debate arising,

After some time, Mr. MacDonald moved, seconded by Mr. Thomas (Oshawa),

That the motion for the second reading of the Bill be amended by striking out all the words after the word "that", and substituting therefor the following:—

"this House declines to give assent to Second Reading of An Act to amend The Gasoline Tax Act which will place ninety percent of the burden of the increased revenues on the passenger car owner without raising an equitable amount from heavy transports through some form of weight-distance tax".

Mr. Speaker ruled the amendment out of order on the grounds that it contemplates the imposition of a tax and could therefore only be proposed by a Minister of the Crown upon the recommendation of the Honourable the Lieutenant-Governor.

Mr. Wintermeyer then moved, seconded by Mr. Worton,

That further consideration of Bill No. 98 be deferred until the Government's proposed master highway plan is furnished to this House.

The amendment having been put was lost on the following Division:—

Roderick G. Lewis, Esq., Q.C.,
Clerk of the Legislative Assembly,
Parliament Buildings,
Toronto, Ontario.

RE: Private Bill No. 29, An Act respecting the City
of St. Thomas.

Dear Sir:

The undersigned, as Commissioners of Estate Bills as provided by the Legislative Assembly Act, R.S.O. 1950, Chapter 202, Section 57, having had the said Bill referred to us as such Commissioners, now beg to report thereon.

It appearing on the hearing before us that there may be persons entitled to a reversionary interest in the lands referred to in section 2 of the Bill who had not been notified of the hearing and given an opportunity to make representations

before your Commissioners and there not being sufficient time before the consideration of the Bill to enquire as to who should be notified, the solicitor for the City of St. Thomas requested that section 2 be deleted from the present Bill.

The solicitor for the City of St. Thomas also requested that section 4, subsection 6, be amended by substituting the following as subsection 6 (a) and (b):

“(6) (a) All donations, gifts, devises and bequests heretofore made to or in trust for the Amasa Wood Hospital, the Memorial Hospital or the Elgin Memorial Hospital together with any unexpended income therefrom are hereby vested in the St. Thomas-Elgin General Hospital, the same together with all income therefrom, to be used for such hospital purposes, including a nurses' residence, as may from time to time be mutually agreed between the Council of the Corporation of the City of St. Thomas and the Council of the Corporation of the County of Elgin.

(b) All donations, gifts, devises and bequests hereafter made to or in trust for the Amasa Wood Hospital, the Memorial Hospital or the Elgin Memorial Hospital, unless specifically designated for purposes of the Memorial Hospital Chronic Unit of the St. Thomas-Elgin General Hospital, shall be deemed to belong to and be vested in the St. Thomas-Elgin General Hospital. Any such donations, gifts, devises and bequests specifically designated for the said Memorial Hospital Chronic Unit of the St. Thomas-Elgin General Hospital shall be deemed to be vested in the St. Thomas-Elgin General Hospital, the same together with all income therefrom, to be used for such hospital purposes, including a nurses' residence, as may from time to time be mutually agreed between the Council of the Corporation of the City of St. Thomas and the Council of the Corporation of the County of Elgin”.

We are of the opinion that the provisions of the said Bill, after deleting section 2 and amending section 4, subsection 6, are proper for carrying its purpose into effect and that it is reasonable that such Bill do pass into law.

The Bill, duly signed by the Commissioners, and the Petition therefor, are accordingly returned herewith.

We have the honour to be,

Sir,

Your obedient servants,

(signed) P. E. F. SMILY,
F. G. MACKAY,

Commissioners of Estate Bills.

Ordered, That the Bills, together with the reports of the Commissioners of Estate Bills thereon, be referred to the Standing Committee on Private Bills.

Mr. Speaker made the following Statement to the House:—

Before the Orders of the Day I wish to direct the attention of the House to several matters arising out of the Debate on Thursday last, February 28th, on the motion for second reading of Bill No. 98, An Act to amend The Gasoline Tax Act.

Mr. Wintermeyer moved an amendment to the motion for second reading, which amendment read as follows:—

That further consideration of Bill No. 98 be deferred until the Government's proposed master highway plan is furnished to this House.

While I had some doubt at the time as to whether or not this amendment was in order, in my anxiety not to be too arbitrary, I allowed the motion to be received. Since that time, reference to the authorities and previous decisions have led me to conclude that this amendment was out of order on two counts:—

1. A motion for an amendment, the purpose of which is to defer the second or third reading of a Bill, must be for a postponement to a definite date. (See the decision of the Honourable N. O. Hipel on February 19th, 1936, and also May's Parliamentary Practice, 15th Edition.)
2. The amendment sought to attach conditions to the second reading of the Bill. (See the decision of Mr. Speaker Hipel, above referred to, and May, page 508.)

Having admitted Mr. Wintermeyer's amendment and that amendment having been defeated, it was suggested to me that the amendment was in fact a motion for a hoist, the defeat of which would automatically carry the second reading of the Bill without further amendment or debate. As I was most anxious not to stifle debate, I ruled that the amendment was not worded as a hoist motion and I therefore permitted the debate to continue. Further consideration has led me to the opinion that even if this amendment had been properly worded to avoid the two objections previously enumerated, it would have been a motion for a hoist and second reading should have been given to the Bill immediately after the defeat of the amendment. I bring these points to the attention of the House in order that the acceptance of the amendment and the procedure which followed its defeat may not be considered precedents.

I wish also to refer briefly to the amendment moved by Mr. MacDonald, as follows:—

That the motion for the second reading of the Bill be amended by striking out all the words after the word "that", and substituting therefor the following:—

"this House declines to give assent to Second Reading of an Act to amend The Gasoline Tax Act which will place ninety per cent of the burden of the increased revenues on the passenger car owner without raising an equitable amount from heavy transports through some form of weight-distance tax".

At the time I very properly ruled this amendment out of order on the grounds that it contemplated the imposition of a tax and was therefore outside the competence of a private member. Rule No. 112, which is a re-statement of the 54th section of the British North America Act of 1867, and the very numerous decisions of former Speakers on this point, make any further elaboration of this ruling unnecessary. However, there is another ground upon which Mr. Macdonald's amendment was out of order. While this was realized at the time, I did not feel it necessary to mention more than the tax aspect, which was of course the major one. It now appears to me to be desirable, for the future guidance of the House, to mention the other ground. The form of this amendment makes it merely a negation of the motion for second reading. May's 15th Edition, page 391, states: "The proposed amendment should not be confined to a mere negation of the terms of the motion, as the proper mode of expressing a contrary opinion is by voting against a motion without seeking to amend it."

I should also point out to the House that in the British House of Commons prior notice must be given of amendments of this nature. This, of course, enables the Speaker to consider the legality of the proposed amendment before it is actually moved in the House. The practice which has grown up in the Ontario House of permitting the moving of such amendments on second reading without insisting on the notice makes it necessary for the Speaker to allow or reject motions without proper consideration.

Before the Orders of the Day, Mr. Morningstar, Member for Welland, drew the attention of the House to the fact that the first lengths of huge steel pipe had been rolled off the assembly lines of Welland Tubes Limited, Welland, Ontario, the country's first "Big-Inch" pipe mill. He mentioned that this Company can produce pipe ranging in size from twenty to thirty-six inches and is the first company capable of producing pipe of a diameter greater than sixteen inches. The Company expects to start producing the first part of an order placed by Trans-Canada Pipe Lines Limited for sections of the natural gas pipe line between Winnipeg and Montreal.

Mr. Wardrope, Member for Port Arthur, joined with Mr. Morningstar in his remarks.

The following Bills were severally read the third time and were passed:—

Bill No. 1, An Act respecting the City of Ottawa.

Bill No. 10, An Act to incorporate the Ontario Professional Foresters Association.

Bill No. 13, An Act respecting the Town of Barrie.

Bill No. 15, An Act respecting Community Chest of Greater Toronto.

Bill No. 20, An Act respecting O'Keefe Centre.

Bill No. 22, An Act respecting the Town of Pembroke.

Bill No. 24, An Act respecting the City of Peterborough.

Bill No. 48, An Act to amend The Schools Administration Act, 1954.

Bill No. 70, An Act to amend The Teachers' Superannuation Act.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair, and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed, and after some time it was, on motion by Mr. Collings,

Ordered, That the Debate be adjourned.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Resolved, That there be granted to Her Majesty, for the services of the fiscal year ending March 31st, 1958, the following sums:—

The Debate was resumed and, after some time, the amendment to the amendment, as follows:—

That the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following:—

“And this House regrets that the government has failed to:

Build a publicly-owned fully-integrated distribution system for natural gas so as to provide power at cost in accordance with the time-honoured principle on which Hydro has been built, thereby reducing present consumer prices.”

having been put, was declared to be lost:—

The Amendment to the Motion, as follows:—

That the Motion for An Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following words:—

“But this House regrets the government has failed to:

1. Indicate any adequate policies to meet the needs of agriculture and to investigate the price spread between what the farmer receives and the consumer pays for agricultural products.
2. Recognize and acknowledge its responsibility to the well-being of our old age pensioners and has neglected to offer assurance to them that the financial difficulties into which they are being pressed will be relieved by payment of a provincial supplementary old age pension.

3. Give adequate assurance that this year it intends to increase its share of the cost of education in Ontario from 35 to 50 per cent of the total cost and thereby, for the first time, honour its promises of 1943 to pay 50 per cent of the cost of education in Ontario.
4. Introduce policies or programs which will halt and reverse its current practices which have lowered professional teacher training standards and which will overcome the current shortage of qualified elementary and secondary school teachers in Ontario and which will prove adequate to meet the province's need of qualified teachers in the future.
5. Indicate its recognition of the changing character of municipal services and to offer to the municipalities, through a provincial-municipal conference, the opportunity to define responsibilities and to allocate revenue sources appropriate to the discharge of these responsibilities."

having been put, was lost on the following Division:—

FORTY-SECOND DAY
TUESDAY, MARCH 26TH, 1957

PRAYERS

2 O'CLOCK P.M.

The following Petition was brought up and laid on the Table:—

By Mr. Nixon, the Petition of the Hereditary Council of the Six Nations Indians, Grand River Country.

Mr. Myers, from the Standing Committee on Legal Bills, presented the Committee's Third Report, which was read as follows and adopted:—

Your Committee begs to report the following Bills without amendment:—

Bill No. 95, An Act to amend The Law Society Act.

Bill No. 96, An Act to amend The Summary Convictions Act.

Bill No. 122, An Act to amend The Administration of Justice Expenses Act.

Bill No. 123, An Act to amend The Coroners Act.

Bill No. 124, An Act to amend The Crown Witnesses Act.

Bill No. 125, An Act to amend The Crown Attorneys Act.

Your Committee begs to report the following Bill with amendment:—

Bill No. 126, An Act to amend The Sheriffs Act.

Mr. Noden, from the Standing Committee on Mining, presented the Committee's Second Report, which was read as follows and adopted:—

Your Committee begs to report the following Bill without amendment:—

Bill No. 145, An Act to amend The Mining Act.

The following Bills were severally introduced, read the first time, and ordered to be read the second time to-morrow:—

Bill No. 172, An Act to amend The Public Health Act. *Mr. Phillips.*

Bill No. 173, An Act to amend The Pharmacy Act, 1953. *Mr. Phillips.*

Bill No. 174, An Act to amend The Municipality of Metropolitan Toronto Act, 1953. *Mr. Warrender.*

Bill No. 175, An Act to authorize the Raising of Money on the Credit of the Consolidated Revenue Fund. *Mr. Porter.*

Bill No. 42, An Act to provide for the Certification of Plans of Subdivision in order to establish title in lands. *Mr. Roberts.*

Bill No. 43, An Act to amend The Registry Act. *Mr. Roberts.*

Bill No. 44, An Act to amend The Investigation of Titles Act. *Mr. Roberts.*

Mr. Speaker delivered the following Ruling:—

I beg to inform the House that my attention has been drawn to Notice of Motion No. 3, standing in the name of Mr. MacDonald, and No. 8 in the name of Mr. Worton, and question raised as to whether or not these Notices are in order.

With respect to Mr. MacDonald's Notice No. 3, as follows:

“That in the opinion of this Legislature, consideration should be given to the establishment of a Student Aid Fund from which interest-free loans can be advanced to residents of Ontario who wish to continue their education beyond secondary school.”

The wording is rather ambiguous; however, as it does not clearly state that public monies are to be used for the proposed Student Aid Fund, I have decided to give this motion the benefit of the doubt and allow it to remain on the Order Paper.

I now refer to Mr. Worton's Notice No. 8, as follows:—

“That in the opinion of this House the Government share of debenture payments for school construction should be made at the time of the initial financing rather than at present over the term of the debenture.”

As this Notice clearly attempts to direct the time and manner of payments of grants out of public funds, there can be no doubt that it is outside the competence of a private member. I have, therefore, directed the Clerk of the House to remove this Notice from the Order Paper.

On appeal by Mr. Oliver, Mr. Speaker was sustained on the following Division:—

Also, to report the following Bill without amendment:—

Bill No. 165, The Hospital Services Commission Act, 1957.

Before the Orders of the Day the Attorney-General referred to the 1955 and 1956 Reports of the Select Committee of the Legislature appointed to consider a central registry for documents of title and pledge respecting chattels and certificates of title of ownership of motor vehicles. He stated that considerable further study had been made since the Tabling of the Reports with a view to the possible amendment of Section 13 of The Sale of Goods Act.

He informed the House that he was not yet prepared to propose such an amendment, but would continue to give the problem further study between now and the next Session of Parliament.

Also before the Orders of the Day the Attorney-General made reference to a question raised by Mr. MacDonald on Friday, February 22nd, with respect to the use of Ontario Provincial Police in Northwestern Ontario. He informed the House that he had now received a Report of the investigation made in the Districts of Kenora and Rainy River by Staff Inspector Leonard Neil and that this Report disclosed that the actions of the police could not be criticized by anyone genuinely interested in the maintenance of law and order.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Ordered, That the Report be now received and adopted and that the Bills reported be severally read the third time to-morrow.

Mr. Oliver moved, seconded by Mr. Nixon,

That a Select Committee of the House be appointed to examine into and report upon the adequacy of The Municipal Act, The Municipal Board Act and The Assessment Act in relation to the present-day requirements of municipal government.

And That the Select Committee have authority to sit during the interval between Sessions and have full power and authority to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary

for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

Mr. Warrender then moved in amendment, seconded by Mr. Cathcart,

That all the words after "That" be struck out and the following substituted therefor:

"this House expresses satisfaction in the progress being made in sweeping revisions of our real estate taxation system, including the relief afforded residential and farm assessment by reason of the payments to that type of assessment of large per capita grants, and also the fact that the Municipal Advisory Committee, which is representative of the municipalities, is being re-organized to continue the work of the Provincial-Municipal Committee, enabling it to report upon many features of The Municipal Act, The Municipal Board Act and The Assessment Act, and further the House expresses satisfaction in the three-year plan for education, which includes the initiation and use of an equalized form of assessment in the Province."

After some time, the amendment having been put was carried on the following Division:—

And the motion as amended was declared to be carried.

Mr. Wren moved, seconded by Mr. Gordon,

That in the opinion of this House it is desirable and necessary that a fur marketing authority be created to give effect to better economic conditions for the Indian citizens and others in Ontario engaged in the taking of wild fur.

Mr. Frost (Victoria) then moved in amendment, seconded by Mr. Porter,

That all the words after "That" be struck out and the following substituted therefor:

"owing to the fact that a substantial portion of our Indian citizens have submitted that their Treaty rights relative to economic and other conditions should be with the Federal Government, this House expresses satisfaction that the Department of Lands and Forests is creating local markets for fur on a voluntary basis, which will avoid imposing mandatory conditions on our Indian citizens."

The amendment having been put was declared to be carried, and the motion carried as amended.

Mr. Thomas (Oshawa) moved, seconded by Mr. MacDonald,

That in the opinion of this House a public automobile accident insurance plan of universal coverage affords more equitable treatment of motorists and better protection for the general public than the financial responsibility and unsatisfied judgment provisions of The Highway Traffic Act.

Mr. Allan (Haldimand-Norfolk) then moved in amendment, seconded by Mr. Nickle,

That all the words after "That" be struck out and the following substituted therefor:

"In view of the fact that the Unsatisfied Judgment Fund is necessary to provide protection in what is known as the hit-and-run driver cases and out-of-Province vehicles which would not be covered by mandatory insurance, and whereas it is desirable, because of the probable increase in premium costs under a mandatory coverage, further studies should be made of the experience in the State of New York and other comparable jurisdictions to our own, that in the opinion of the House the whole problem of insurance coverage should be studied by the Department of Transport which is being set up by this Session of the Legislature."

And the House having continued to sit until Twelve of the Clock Midnight:—

After some time, the amendment having been put was declared to be carried, and the motion carried as amended.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Twenty-fifth Annual Report of the Department of Public Welfare for the Fiscal Year 1955-56. (*Sessional Paper No. 13.*)

First Annual Report of the Ontario Water Resources Commission for the year ended December 31, 1956. (*Sessional Paper No. 63.*)

The House then adjourned at 12.10 a.m.

FORTY-SEVENTH DAY

TUESDAY, APRIL 2ND, 1957

PRAYERS

2 O'CLOCK P.M.

Mr. Spooner, from the Standing Committee on Game and Fish, presented the Minutes of the Committee together with the Representations made to it, and moved that they be printed as an appendix to the Journals of the Legislature, which motion was carried.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That notwithstanding the previous Order when this House adjourns the present sitting thereof, it do stand adjourned until one-thirty o'clock tomorrow afternoon.

The Prime Minister Tabled Answers to Questions, as follows:—

1. *Mr. MacDonald*—Enquiry of the Ministry—What amount was paid: (a) in acreage rental, and (b) in Mines Profits Tax by International Nickel during the last fiscal year for which figures are available.

Answer by the Minister of Mines:—

1. (a) \$19,776.90; (b) See section 10 of Mining Tax Act.

2. *Mr. MacDonald*—Enquiry of the Ministry—What acreage of forest area which has been stripped of timber resources, and upon which natural regeneration has not taken place, still awaits reforestation.

Answer by the Minister of Lands and Forests:—

The question does not differentiate between publicly owned and privately owned land.

It is estimated, however, that in the ordinary course regeneration will take place on 4 million acres north of the French and Mattawa Rivers (mostly Crown lands) and approximately 4 million acres (Crown and private lands) south of the French River. This regeneration will be supplemented by reforestation. On private lands livestock production impairs the possibility of regeneration.

5. *Mr. Oliver*—Enquiry of the Ministry—What was the cost of Elementary and Secondary school construction in Ontario in 1955 and in 1956. How many Elementary and Secondary School class-rooms were constructed. What was the approved cost of the schools. What was the actual cost of the schools. How much did the Department pay in construction grants. How many auditoria, gymnasias, home economics rooms, teachers' rooms, laboratoria, shops, principals' offices, music rooms, art rooms and library rooms were constructed. Was a grant paid for any of them. How much did they cost. How many new schools were built without an auditorium or a gymnasium. How many new schools were built without any of the other rooms mentioned above. What is the government policy towards construction grants.

Answer by the Minister of Education:—

1. \$59,117,000.00 and \$54,985,000.00 respectively.
2. 1955—2,017. 1956—1,918.
3. 1955—\$45,913,000.00. 1956—\$41,723,000.00.
4. See 1 above.
5. The Department of Education payments are for assistance in the retirement of debentures over a 20-year period in nearly all cases. These annual payments are based on varying percentages.
6. 9 Auditoriums; 136 Gymnasiums (including 76 playrooms); 68 Home Economic rooms; 600 Teachers' rooms; 111 Laboratories; 87 Shops; 450 Principals' offices; 105 Music classrooms; 115 Art classrooms; 125 Library classrooms.

16. *Mr. Manley*—Enquiry of the Ministry—1. How many properties classified as follows: Rural, Urban, Business, Cemeteries and Churches have required settlement by Hydro in Seaway Valley. How many settlements have been finalized in each category. 2. How many owners in each category have not yet been approached as to settlement. 3. How many properties have been expropriated. Of those expropriated how many are still pending final settlement. 4. How many houses have been moved to new town sites. How many are scheduled to be moved. 5. Do the present owners of hotels in the towns to be flooded have preference in locating in the new town sites. 6. Will they receive permission to transfer their hotel licences from their present premises to the new town site. 7. How many hotels will the Hydro have to purchase. How many hotels have been purchased. How were the purchase prices determined. Was the hotels' gallonage a factor in determining the purchase price. 8. How many property settlements will have to be made for a railway right of way and for the right of way of Highway 401. How many of these property settlements have been made to date. How much has been paid in settlements to date.

Answer by the Honourable Mr. Connell:—

	Estimated Number	Number Finalized
	<hr/>	<hr/>
(1) Rural Properties	493	393
Urban Properties	1,245	930
Business Properties	182	110
Cemeteries	19	19
Churches	23	20
 (2) Practically all owners of property affected by the project have been contacted.		
 (3) Approximately 550 properties have been expropriated and of these the majority was expropriated to obtain a clear title and not arising from the Commission's inability to reach agreement on compensation. Of this number about 180 have not yet been settled.		
 (4) 333 houses have been moved; about 180 yet to be moved.		
 (5) Hotel owners are given opportunity to purchase any suitable Commission-owned property available.		
 (6) Ontario Hydro has no authority in licensing hotels but it is understood that applications from hotel owners affected by the project will receive preferred consideration.		
 (7) Five hotels are required; four have been purchased. Purchase prices were based on value of land, condition, size and construction of buildings, gallonage sold and other factors involved in purchase of commercial properties.		
 (8) Highway 401 and railway right of way frequently pass over property required for flooding or other purposes and are not separated in our records.		

17. *Mr. Wren*—Enquiry of the Ministry—What Bonding Company is guaranteeing performance of contract of the Wolfe Construction Company, Limited or of its subsidiary company. Has this Bonding Company been called upon to make payment for defaults of the Wolfe Construction Company, Limited or its subsidiary.

Answer by the Minister of Highways:—

The Acadia Insurance Company. (Contract 55—95.)

Bonding Company was informed as to condition of Macamic (Ontario) Limited contract and made necessary financial arrangements with contractor direct.

21. *Mr. Oliver*—Enquiry of the Ministry—1. What is the general practice of the superintendent of insurance for inspecting the trust accounts of real estate brokers in Ontario. 2. How often are the trust accounts of real estate brokers examined. 3. How often did the superintendent of insurance or any member of his department examine the trust account of Ridout Real Estate Limited in the past 24 months. On what dates were the investigations conducted. Who conducted the investigations. 4. When did the shortage in the trust account of Ridout Real Estate Limited first appear. 5. What was done by the superintendent of insurance following discovery of a shortage.

Answer by the Attorney-General:—

1. The general practice of the Registrar under the Real Estate and Business Brokers Act, who is under the supervision of the Superintendent of Insurance, is to have inspectors conduct spot checks particularly of any broker concerning whom information or complaint had been received which appeared to make such inspection desirable.
2. Answered by 1.
3. Charges under The Real Estate and Business Brokers Act have been preferred against Ridout Real Estate Limited and certain officers and officials. The matter is, therefore, sub judice.

24. *Mr. Oliver*—Enquiry of the Ministry—1. (a) How many privately-owned telephone companies have received financial assistance from the Ontario Telephone Authority; (b) What has been the total amount of such financial assistance. 2. (a) How many privately-owned telephone companies have been merged into larger local units; (b) How many of these units have been merged with the Bell Telephone System, and (c) How many are continuing operations as private companies or as subsidiaries of the Ontario Telephone Authority. 3. How much money has the Ontario Telephone Authority advanced to the Madawaska Valley Telephone Company, Limited. 4. (a) What does the Authority plan to do with the Madawaska Valley Telephone Company, Limited; (b) How many offers have been received for the purchase of this company; (c) Is the Ontario Telephone Authority preparing to write down the cost of this company to facilitate its sale.

Answer by the Minister of Agriculture:—

1. (a) None.
(b) Assistance was given in supplying free engineering and commercial assistance by the staff of the Telephone Authority.
2. (a) During the years 1954-56, 81 independent systems have been sold or merged and ceased to operate. Negotiations for the sale of several more have been completed.
(b) Of the 81 systems sold, etc., 59 systems have been taken over by the Bell Telephone Company of Canada.
(c) 22 independent systems have been merged or sold to other independent systems.

Note: There are 384 companies operating as of December 31, 1956.

3. \$450,000.

25. *Mr. Nixon*—Enquiry of the Ministry—Page 35 of the Budget Address: “The combined ordinary and capital expenditure forecast for 1957-58 is, therefore, \$709.8 million, including a total of \$37.8 million for highway reserve account and sinking fund.” Page 5, Estimates for the fiscal year 31st of March, 1958:

"combined capital and ordinary expenditure \$819,855,000." Why the discrepancy of \$110,055,000, and which is the correct amount.

Answer by the Treasurer:—

The reference on Page 35 of the Budget Address deals with *net* ordinary expenditure and the capital expenditure to be made with respect to physical assets.

The difference of \$110,055,000, between the combined total given on Page 35 and detailed on Page 36 of the Budget Address of \$709,800,000 and the combined total of the Estimates of \$819,855,000, is made up as follows:

Application of Ordinary Revenue against Ordinary Expenditure.	\$ 19,668,000
Application of Capital Receipts against Capital Payments.....	8,005,000
Loans and Advances—	
representing revenue-producing and realizable assets.....	64,850,000

WEDNESDAY, APRIL 3RD, 1957

PRAYERS

1.30 O'CLOCK P.M.

Mr. Cass, from the Committee on Privileges and Elections, presented the Committee's Report and moved its adoption, seconded by Mr. Nixon.

The Report was read by the Clerk at the Table as follows:—

“The Committee met on Tuesday, April 2nd, to deal with the matters referred to it by the House upon the motion of Mr. Beckett, seconded by Mr. Sutton, whereby it was ordered that the allegations made against certain Members of the House by the Member for South York during the discussion in Committee of the Whole House of Bill No. 25, An Act respecting the Township of Scarborough, on Thursday last, March 28th, be referred to the Standing Committee on Privileges and Elections.

When the Committee convened at 9.30 on the morning of Tuesday, April 2nd, all members were present and Mr. Cass was duly elected Chairman.

All members of the Committee having been furnished with a mimeographed copy of the draft report of the proceedings in question which had been prepared by the Hansard reporters, it was agreed that the chairman should indicate the portions thereof which he regarded as containing the allegations referred to in the Order of the House. For convenience, a copy is attached hereto and those portions are marked in the margin. They appear at pages 6, 7, 8, 9 and 12. Mr. MacDonald agreed at once that those portions contained the allegations or charges referred to.

The Committee continued its sittings until one o'clock in the afternoon and then adjourned until 8.30 in the evening, continuing its public sittings until 2.30 on the morning of Wednesday, April 3rd. The Committee met in camera at 10.00 o'clock on the morning of Wednesday, April 3rd, to prepare its report.

Mr. Joseph Sedgewick, Q.C., appeared for the Keystone Realty Company and Mr. Fishleigh. Mr. John Grogan, Q.C., appeared for the Public Utilities Commission of Scarborough Township. We are grateful to both of these learned gentlemen for the assistance given the committee. We are also grateful to Mr. Campbell, the Reeve of the Township; Mr. Leslie, the Chairman of the Public Utilities Commission, and Mr. Brown who has been a member of the Public Utilities Commission for a great many years. These gentlemen, in taking the witness box, explaining the situation as they knew it and answering questions, assisted the committee in its deliberations very considerably, as did Mr. Harrison who has been an employee of the Public Utilities Commission for a great many years. Mr. Taylor, the Assistant Solicitor for the Township, also gave his evidence with clarity and conviction, and we are grateful to Mr. K. Grant Crawford, the Deputy Minister of Municipal Affairs, for the expert advice he gave the committee in answer to their questioning with respect to matters of a rather technical nature. No restrictions were placed by the committee on the calling of witnesses or hearing of evidence.

Mr. MacDonald, soon after being sworn, withdrew all allegations and charges of impropriety that he had made against Mr. Beckett and this he did without qualification.

With regard to charges against Mr. Sutton and Mr. Fishleigh, Mr. MacDonald expressed the view that he had been misquoted in the Hansard Report, although he took this view only toward the end of the hearing having agreed that the portions of the report indicated by the chairman as containing the charges or allegations were accurate when the question was put to him regarding the accuracy toward the commencement of the proceedings. It should be noted that the committee afforded Mr. MacDonald every opportunity of calling witnesses and otherwise adducing evidence and of cross-examination throughout the hearing. The only witnesses he sought to call were those men against whom he had made charges. The three honourable members of the House against whom charges had been made voluntarily came forward to make statements and, in fact, of their own volition although not requested to do so, made those statements under oath. They submitted to cross-examination by Mr. MacDonald and others present.

The Committee finds that Mr. MacDonald failed to substantiate the charges made by him.

It is a matter of regret to the committee that an honourable member would make such serious charges against other honourable members in the absence of material establishing proof of the facts charged. In the opinion of the committee, from the admissions and statements made at the hearing by the honourable member who made the allegations, those allegations ought never to have been made by an honourable member of this House.

A review of the proceedings of the committee has not been set out in detail, as copies of the transcript of such proceedings will be supplied to all Honourable members of the House and to the Parliamentary Press Gallery."

A Debate arising, after some time,

The motion for adoption of the Report having been put was declared to be carried.

Before the Orders of the Day the Prime Minister expressed the congratulations of the House to Major Alex. C. Lewis, Q.C., for many years Clerk of the House, and Mrs. Lewis, on the celebration of the fifty-sixth Anniversary of their Wedding Day.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair, and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed, and after some time the Amendment,

That the Motion "That Mr. Speaker do now leave the Chair and the House resolve itself into Committee of Supply" be amended by adding thereto the following words:—

"But this House regrets that the Government has imposed huge additional taxes which along with the natural yearly increase of Provincial revenue are entirely out of proportion to the added grants and services that it is giving the people of Ontario."

having been put, was lost on the following Division:—

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"In Her Majesty's name, the Honourable the Lieutenant-Governor doth assent to these Bills."

Mr. Speaker then said:—

May it please Your Honour:

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal years ending the 31st day of March, 1957, and the 31st day of March, 1958."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant-Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant-Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:

Before proroguing this Third Session of the Twenty-fifth Parliament, it is fitting that I should express appreciation for your imaginative and thoughtful consideration of the many matters brought before you and your conscientious devotion to the affairs of this Province. Each year brings its problems and, with the quickening tempo of our social and economic development, your duties are assuming increasing importance.

Besides the attention which you gave to the Budget, the Departmental Estimates, the reports of the various Committees and related subjects, you studied and gave approval to more than 175 bills, involving new Acts or amendments to Acts.

While the legislative and financial program of this Session has been very comprehensive, seven features stand out above all others. These are:

1. The implementation of a three-year program to assist education.
2. An accelerated program of assistance to municipalities, including a sweeping revision in the system of real property taxation.
3. The adoption of measures to make public hospital insurance universally available to all our people at one standard rate, regardless of occupation, age or health.
4. The extension of welfare benefits.
5. The adoption of an unprecedented program of capital construction, involving highways, power and energy resources, and water and sewerage facilities, to assist and promote industrial growth and development and the creation of new employment opportunities.
6. The strengthening of the Province's financial and credit position by imposing additional taxation, in consequence of the disappointing settlement on fiscal arrangements with the Federal Government.
7. Farm legislation of a most advanced type.

To meet the challenging demands of an ever-growing school population, you gave approval to a three-year program of assistance to elementary and secondary education entailing in the first stage, which commences with the fiscal year 1957-58, an increase in Provincial grants of nearly \$20 million. This raises the total assistance to be paid local school boards to \$101 million—an amount that exceeds the total ordinary budget of the Province for all purposes less than a decade and a half ago. Beginning in 1958, the second stage of the Province's educational program, which will be based upon equalized municipal assessments, will be brought into operation. With the growth in magnitude of these grants, considerations of equity dictate improved methods of distribution.

An exhaustive study will be made of school finances to enable the Province to shape its educational grants more in accordance with the developing needs of all municipalities. The third stage, in 1959, will be devoted to making refinements and improvements in the school grants formula.

You also gave approval to various other measures designed to enhance the attractiveness of teaching in our schools and to assist our municipalities. You again made a special contribution of \$1 million to the Teachers' Superannuation Fund. Of even more lasting significance, you approved raising the Province's contribution to the Teachers' Superannuation Fund from 4 to 6 per cent, at an additional annual cost to the Province of nearly \$4 million.

You again authorized increases in grants to universities to assist them in meeting their rising operating costs and to enable them to prepare for the huge expansion in their enrolment which is foreordained. Nearly \$10 million was provided for the construction and acquisition of new university buildings and equipment, while grants for operating and maintenance purposes were increased by \$1.2 million to \$9.4 million. Thus, you approved grants to universities for 1957-58 totalling \$19 million.

Other phases of the Province's educational program commanded your attention. You increased the assistance for public libraries and approved funds for operating the new Teachers' College at Hamilton, constructing new teachers' colleges at New Toronto and London and creating new facilities at the Lakehead College of Arts, Science and Technology at Port Arthur-Fort William and at the Ryerson Institute of Technology in Toronto.

Additional funds were also provided for the Agricultural and Veterinary Colleges.

The many facets of this educational program will involve a total expenditure on the part of the Province in 1957-58 of \$145 million, an increase of more than \$32 million over the preceding year.

Your consideration of the position of the municipalities and the measures you have adopted to assist them bear eloquent testimony to the true partnership arrangement that exists between the Province and the municipalities. Not only has the amount to be distributed in unconditional grants been increased from less than \$13 million to \$21 million for the 1957-58 fiscal year, but a sweeping revision has been effected in municipal taxation. As the taxpayer who owns his own home is not able to treat his local tax as an expense for income tax purposes, as a business firm may do for corporation tax purposes, a new method was devised to concentrate the benefit of the Province's unconditional grants on residential and farm property. This innovation will serve to stimulate home ownership and increase the number of dwellings available for rental. At the same time, it will give some relief to farm property and thus assist the agricultural industry which has not been participating fully in the Province's general prosperity.

In order that this new principle may apply in connection with Provincially-owned property, an amendment was made to The Municipal Tax Assistance Act, 1952. This amendment provides that payments in lieu of local taxes made

by the Province and by Crown agencies will be computed at the rate applicable in each municipality to industrial and commercial assessments and not at that pertaining to residential and farm property.

You gave your approval to two other measures that will aid the municipalities. The first raises from 25 per cent to 40 per cent the Province's contribution toward children's aid costs. The second increases from 50 per cent to 60 per cent the proportion borne by the Province of municipal expenditures for direct relief.

As a result of these and other improvements in the Provincial grants systems, the amounts payable to municipalities, school boards and other local agencies will this year total \$214 million—an increase of \$34 million in the past year and \$55 million over the last two years.

The requirements of municipalities for new capital projects such as schools, waterworks and sewage treatment plants, have not escaped your attention. To assist the municipalities in this financing, the borrowing power of the Ontario Municipal Improvement Corporation has been raised from \$50 million to \$150 million. An Act has been passed extending the powers of the Ontario Water Resources Commission, while additional capital and operating appropriations have been made available in order that this essential work may proceed.

This many-sided program demonstrates that you are keeping the position of the municipalities under continuing review and that you will not be indifferent to their future needs.

Months of study and negotiation with the Federal Government have culminated in an event of far-reaching significance—undoubtedly the most notable advance in human betterment in our recent history. I refer to the passing of an enabling Act at this Session, and the agreement in principle with the Federal Government, making public hospital insurance at the standard ward level, without limits as to the duration of stay, universally available to all persons normally resident in Ontario. Plans are being made with a view to having the program in operation by January 1st, 1959. The basic hospital care requirements of our people, including those of individuals who are not now eligible under private plans, will then be met at a uniform rate available to all.

A vigorous program is being undertaken to provide funds not only for the extension of the public general, chronic and convalescent hospitals, but for additional beds and more intensified treatment of patients in the Ontario Hospitals for the mentally ill. New developments in the treatment of patients with mental disorders are bringing salutary results.

The Government is constantly seeking and applying new scientific measures to maintain a healthy and well-adjusted population and to accelerate the restoration to normal, useful lives of persons who are mentally or physically handicapped. The same modern approach is also being applied in the operation of our reformatories and in our welfare services.

During this Session, you approved legislation relating to cancer treatment and research. A new Act supersedes previously existing legislation and outlines the method of operation of the Ontario Cancer Treatment and Research Founda-

tion and the Ontario Cancer Institute. Through these organizations an intensive search will be made into the causes of cancer and the best methods of treating it. The people of Ontario will have one of the best equipped and staffed cancer hospitals anywhere.

Continuing the advance of past years, further improvements have been made in the Province's welfare program. Under the new Mothers' and Dependent Children's Allowances Act, payments will be made on a cost of maintenance basis rather than on a flat rate as under the former Act. The two-year waiting period before an allowance would be paid for the children of unmarried mothers has been removed and benefits extended to all needy divorced mothers. Dental care and treatment will be made available to all children under 18 years who are sons and daughters of social assistance cases.

You approved legislation authorizing the Province to participate with the Federal Government in paying increased allowances and pensions under The Old Age Assistance Act, The Disabled Persons' Allowances Act and The Blind Persons' Allowances Act. Additional funds were provided for increasing the number of Homes for the Aged, which serve to remove the pressure on our public general hospitals.

The Marriage Act was amended to make it clear that Indians may or may not, at their own discretion, take advantage of its licensing provisions.

The people of Ontario have reason for gratification in the rapid pace of their development and the continued high levels of employment and income. But these conditions amplify the demands for provincial and municipal services of all kinds. Population cannot grow nor industry expand unless they are assured of adequate highways and roads, electric power and energy, schools, hospitals, adequate water and sewerage works and those many other indispensable services which are constitutionally, logically and economically the spheres of provincial and municipal jurisdiction. Properly, these services fall within the orbit of the Province and its municipalities. In these fields, they have the experience, the skill and the intimate knowledge of local conditions that are essential to efficient administration. They must, therefore, be a positive force, expanding their services to meet the needs that are inextricably related to population and industrial growth.

To meet these pressing demands, you have deliberated upon and authorized a capital construction program that far exceeds that of past years. For instance, the appropriation for highways and roads totals \$232 million, including \$53 million to be paid to the municipalities to assist them in the building of roads and thoroughfares.

Highway safety and administration, motor vehicle licensing and related matters have been the subject of your deliberations. To deal with many of these problems, the Department of Transport has been established. Amendments to The Highway Traffic Act provide for an extensive revision of driving regulations. Provision is being made for the levying of a fee of \$5 with respect to motor vehicles on which insurance has not been obtained, while the limits on claims that may be made on the Unsatisfied Judgment Fund have been raised from \$5,000 to \$10,000 on one-person claims and from \$10,000 to \$20,000 in the case of claims made for two or more persons.

Conservation and resource development continue to be a focus of attention. Flood control, reforestation, irrigation, farm planning, resource protection and conservation education, constitute important sectors of the work of twenty conservation authorities that have now been formed.

Ways and means of improving the position of agriculture have been given close study and consideration. Following the decision handed down by the Supreme Court of Canada, amendments to The Farm Marketing Act have been made which will serve to clarify existing legislation and make Provincial marketing plans more effective.

New enactments were approved under The Milk Industry Act whereby two boards that have been dealing with different phases of the milk industry will be amalgamated with a view to securing greater efficiency.

Under the Province's program of assistance, further extensions and improvements will be made to electric power lines in rural areas. The work of the Ontario Telephone Authority is also being continued and expanded.

Increased appropriations were authorized for the Department of Lands and Forests and the Department of Mines. Among the amendments to legislation relating to our natural resources was the revision of The Mining Act designed to safeguard surface rights in the general interests of both forestry and mining operations.

As stated in my remarks at the opening of this Session, the Federal Government's failure to face up realistically to the changing pattern of provincial and municipal requirements in this great tax-earning and rapidly growing Province has made our task infinitely more difficult. Reference was made to the shortage of capital funds for investment and the rise in interest rates that are aggravating our problem. It was pointed out that if the Province and its municipalities were to proceed and provide the services that our people and industry require, additional revenue would have to be obtained.

A full explanation was given to the House of Ontario's dissatisfaction with the fiscal arrangements the Federal Government was prepared to offer. They have not yet grasped the problems with which we are confronted. In these circumstances, Ontario had no alternative but to make a number of moderate tax increases—the first in the thirteen years since this Government took office. Such increases have been designed to strengthen the financial and credit position of the Province so that it may not only meet the demands for its own services but provide additional assistance to municipalities. Amendments were therefore made to The Gasoline Tax Act, The Motor Vehicle Fuel Tax Act, 1956, The Logging Tax Act, The Mining Tax Act and The Fire Marshals Act. A new Corporations Tax Act was passed.

Legislation was passed empowering Ontario to enter into an agreement with the Federal Government for the rental of its personal income tax rights.

Many other matters—too numerous to mention here—called for legislative amendment and reform.

I wish to thank the Honourable Members who have served on the various legislative committees. They have brought to the committees, abilities and points of view which have been invaluable. The two Select Committees—one on Air Pollution and Smoke Control and the other on Toll Roads and Highway Financing—have completed their reports and presented them to the Legislature. A new Select Committee has been appointed to examine and report on all aspects of The Labour Relations Act.

Gratitude is expressed to the public servants of Ontario for the faithful discharge of their duties and responsibilities.

No more comprehensive program has ever been dealt with by the members of this Legislature. It affords greatly increased assistance to municipalities and special relief to home owners and farmers. Steps to strengthen our private enterprise system were blended with measures to improve standards of education and health and the general well-being of our people. In the accomplishments of this Session are to be found many reasons for satisfaction.

I pray that Divine Providence will guide you and bless you.

The Provincial Secretary then said:—

Mr. Speaker and Members of the Legislative Assembly:

It is the will and pleasure of the Honourable the Lieutenant-Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

Minutes of the Meetings of the Standing Committee on Game and Fish

March 13, 1957

FIRST MEETING

The first meeting of the Legislature's Game and Fish Committee was held Wednesday, March 13, in Committee Room No. 2 in the Legislature Building.

J. Wilf Spooner (Cochrane South) was elected chairman. The nomination was made by David J. Rankin (Frontenac Addington).

Members present were: the Hon. Clare E. Mapledoram, Minister of Lands and Forests, senior members of his staff, and the following private members: Messrs. Allen, Boyer, Doucett, Elliott, Fullerton, Gordon, Jackson, Kerr, Letherby, Lyons, Mackenzie, Maloney, Morningstar, Morrow, Noden, Pryde, Rankin, Sandercock, Scott, Spooner, Villeneuve, Wardrope, Whicher, Wren.

The following motion was passed:

"That this Committee recommends to the Honourable Minister of Lands and Forests to explore all matters relating to the rights held by the Tadanac Club with a view to revoking the exclusive rights held by said club by its charter."

The motion was put by Mr. Boyer (Muskoka) and seconded by Mr. Letherby (Simcoe East).

The following briefs were presented:

1. The Lake Huron and Georgian Bay Commercial Fishermen's Association.
2. The Algoma Conservation Council.
3. The Northern Ontario Tourist Outfitters' Association.
4. The Ontario Federation of Anglers and Hunters.
5. The Conservation Council of Stormont, Dundas and Glengarry.
6. Commercial outfitters from the Port Rowan, Long Point and Turkey Point district.
7. Ompah Conservation Authority.
8. Lake Manitou Property Owners' Association.

March 14, 1957

SECOND MEETING

The second meeting of the Legislature's Game and Fish Committee was held in Committee Room No. 2 of the Legislature Buildings on Thursday, March 14.

In addition to the Hon. Clare Mapledoram, Minister of Lands and Forests, his deputy and other members of his staff, the meeting was attended by the following private members of the Legislature:

Messrs. Allen, Belisle, Boyer, Chaput, Cowling, Doucett, Elliott, Fullerton, Gordon, Hall, Herbert, Janes, Jackson, Kerr, Lavergne, Lyons, Mackenzie, Maloney, Manley, Morrow, Murdoch, Noden, Pryde, Rankin, Sandercock, Scott, Spooner, Sutton, Villeneuve, Wardrope, Whitney, Wren.

Although there was further discussion on fishing regulations, the new briefs presented concerned game, rifles and hunting regulations.

1. Northern Ontario Tourist Outfitters' Association.
2. St. Catharines and Lincoln County Game Association.
3. Ontario Trappers' Association.
4. Algoma Conservation Council.
5. Ontario Federation of Anglers and Hunters.
6. Conservation Council of Stormont, Dundas and Glengarry.

March 21, 1957

THIRD MEETING

The third and final meeting of the Game and Fish Committee of the Legislature was held on March 27 at 10 a.m. in Committee Room No. 2 of the Legislature Buildings.

Present were: Messrs. Belisle, Boyer, Cowling, Doucett, Elliott, Herbert, Innes, Johnston (Simcoe Centre), Jolley, Kerr, Mackenzie, Manley, Morningstar, Morrow, Murdoch, Noden, Rankin, Robson, Scott, Spence, Spooner, Sutton, Thomas (Oshawa), Villeneuve, Whitney, Wren.

Except for the long list of proposals attached, the only motion was:—

Proposed by Mr. Doucett, that the deer season in Area No. 6 be set for the first Monday in November in this year.

The motion was seconded by Mr. Robson, Hastings East.

The motion was declared to be carried.

<p>1. Commercial fishermen are interested in keeping the hatcheries loaded with fry and distributing them in good locations where there isn't any pollution.</p>	<p>Lake Huron and Georgian Bay Commercial Fishermen's Association and representing the Ontario Council of Commercial Fisheries. (T. H. It is only in a few cases that the Department's hatchery crews set nets for spawning purposes. Spawn collected during the commercial fishing operations is a process of salvaging eggs from fish that are being caught for the market.</p>	<p>The effect of the availability of the stock of fish on the supply of fish spawn available to the commercial fish hatcheries was strikingly shown last fall. The collection of whitefish spawn available to the Collingwood hatchery during the commercial fishing operations in the Georgian Bay was so small that it was uneconomical to operate the Collingwood hatchery. The same thing would have applied to the Little Current hatchery (Manitoulin Island) if it had not been for the collection of whitefish spawn made from Lake Manitou, Manitoulin Island, by our own hatchery crew.</p>
		<p>With the catastrophic decline of lake trout in Lake Huron, it was necessary to close the Southampton hatchery because a stock of lake trout eggs from Lake Huron or Georgian Bay was no longer available. Wiarton hatchery on Georgian Bay now receives a supply of lake trout eggs from Lake Simcoe. These operations are conducted by our own hatchery crew.</p>	<p>Sarnia Hatchery has been closed because the supply of whitefish spawn was usually obtained from collections made on Lake Erie for the Kingsville hatchery, or from another outside source. currently available at the western end of Lake Erie or of lower Lake Huron. Unfortunately the collection of whitefish and herring spawn during commercial fishing operations was so small that Kingsville hatchery remained inactive.

Glenora Hatchery on the Bay of Quinte, Lake Ontario, is being used for research purposes. A long-term investigation on the Bay of Quinte did not show that any significant contribution to the fisheries was being made by the hatchery so far as whitefish was concerned. The Bay of Quinte and adjacent Bays and Reaches are excellent spawning grounds for both whitefish and pickerel, so much so that hatchery restocking is unnecessary.

The Sault Hatchery was abandoned as a fish hatchery this year because the newly renovated Sault Trout Rearing Station, and the new station which will be constructed adjacent to the present station will handle the culture of lake trout to the yearling stage, the stage that is considered more satisfactory for planting.

The stock of lake trout spawn available from commercial fishing operations on Lake Superior for the Sault Trout Rearing Station and the Port Arthur Hatchery was insignificant. Fortunately, a large supply of lake trout spawn was obtained from Lake Manitou by our hatchery crew. With this stock we hope to provide a large stock of yearling lake trout for planting in Lake Superior in 1958.

The hatchery operations at the Fort Frances hatchery have been suspended because they were economically and biologically unsound. An advisory committee consisting of commercial fishermen, the District Forest-

There is a single non-resident angling licence at \$6.50 per person with the exception that residents of Manitoba are charged \$3.25 for their licences.

The family licence was abandoned a number of years ago because it was abused and difficult to enforce.

The Ontario Federation of Anglers and Hunters (Resolution 31) opposes this resolution.

Because of this, regulations on size, creel limit and possession are unnecessary. Female crappies half a pound in weight average from 20,000 to 30,000 eggs. However the substance of this resolution will be discussed further with the Districts concerned and if it is shown that over-exploitation is occurring reinstatement of protective regulations will be considered.

7. COMMERCIAL FISHING:

Whereas it is considered that the present regulations regarding commercial fishing in Lake Nipigon have caused a great depletion of game fish in that lake,

Therefore be it resolved that we request the Department of Lands and Forests to place Lake Nipigon back on the 1949 basis with respect to closed bays and rivers for commercial fishing.

Commercial fishermen permitted to operate for yellow pickerel in the spring only in some bays formerly closed to them.

The operations on Lake Nipigon are being carefully observed and controlled by the District office at Port Arthur. This operation has been permitted in the past few years in view of the triaenophorus infestation of whitefish and the resultant difficulty in marketing these fish. The operation was coupled with a programme designed to control the triaenophorus by reducing the populations of pike and herring.

Most of the cause for complaint re commercial fishing operations in Lake Nipigon in the past few years has been based on some illegal operations in streams and stream mouths. The Depart-

9. SUPERVISOR OF PARKS:

Whereas the Department of Lands and Forests is establishing camp sites and park areas in many parts of Northern Ontario, and Whereas it is considered that in the best interest of conservation and public health these camp sites and parks should be maintained under supervision by a permanent caretaker who will also have the power to act in respect to violations of the Game and Fisheries Act,

Therefore be it resolved that all public camp sites and park areas be supervised by a full-time caretaker who shall have power to act in respect to any violations under the Game and Fisheries Act.

However, if each specific detail had to be studied by all organizations concerned, the procedure would become so cumbersome that the amendments to regulations, etc., could not be prepared in time to be implemented for the following year. Amendments to the Game and Fisheries Act and to the Ontario Fishery Regulations are submitted to the proper legislative authority, and are presumably in the best interests of sportsmen and conservation and it should not be necessary to secure the approval of these amendments by <i>individual organizations</i> before submission to the legislative authority. Arrangements could be made to advise interested organizations of amend-</p>

I see no objection to complying with this recommendation provided the proper authority to do so is promulgated. At present no licence form or fee is prescribed to take care of such an eventuality.

Some District Offices in northwestern Ontario do provide guide licences to non-residents in instances such as outlined, though there is no regulating authority to do so.

Northern Ontario Tourist Outfitters' Association.
(Ben Cummuskey)

The lack of an adequate staff of conservation officers to provide effective patrol in some areas is quite evident, and additions to staff are being made from time to time to fill these needs.

11. NON-RESIDENT GUIDE LICENCE:

Whereas a large number of outfitters camps in Ontario are now operated by non-residents and

Whereas some of these camps are located in remote areas where it is difficult and very expensive to obtain guides,

Therefore be it resolved that the Department of Lands and Forests be requested to issue guide licences to non-resident licensed tourist camp outfitters if applied for.

12. CONSERVATION OFFICERS:

Whereas the increased populations and the general improvement in roads in Ontario, and the Provincial Government's policy on Tourist Promotion tends to further increase hunting and fishing pressures through a greater influx of tourists; It is increasingly evident that the present supervision and control to enforce the Game and Fisheries Act in Ontario is insufficient,

Therefore be it resolved that the Ontario Department of Lands and Forests review their policy and staffing of the below mentioned areas with a view to increasing the number and location of conservation officers

We further recommend that the Department request that a directive requesting heavier fines be sent out from the Attorney-General's office.

14. NEW CANADIANS:

Due to the large numbers of hunters and fishermen amongst the recent immigrants and New Canadians who have permanently settled in various districts of Northern Ontario, and all of Ontario for that matter, it is deemed advisable that these new hunters and fishermen be properly instructed with regard to the rules and regulations governing the taking of game and fish from our forests and lakes;

There has been many a story brought to light, of these immigrants and New Canadians wandering through our forests shooting anything that flies or walks in our forests. These New Canadians have been apprehended with undersize fish—too many fish, etc., and utter disregard for the laws of the

good judgement of magistrates and judges.

There has been no official or organized contact with immigrants, although in some places including Toronto a limited contact has been made through the local conservation officer and from other interested sportsmen and sportsmen's groups.

Whereas drilling rigs and residue from drilling operations will have an adverse effect on the fish and wildlife of these areas,

Be it resolved that the Ontario Federation of Anglers and Hunters earnestly request and insist that there be no leases granted by either the Provincial or Dominion Governments for the purpose of drilling for oil, gas or salt in Rondeau Provincial Park, Rondeau Marsh or Rondeau Bay;

That well drilling operations of the private land on the west shore of Rondeau Bay be regularly checked for possible sources of pollution of the waters of Rondeau Bay so that corrective measures can be immediately ordered by either or both Governments.

19. PATROL BOATS:

The Ontario Federation of Anglers and Hunters understand that the Department of Lands and Forests have under discussion a plan to discontinue the patrolling of Lake Superior with their Lake Superior Patrol Boats. Having due regard to the harmful effect on the fish and game in this area and to previous convictions registered and to the deterrent effect this patrol boat has on would-be violators, and the fact that the International boundary line runs through these waters,

Ontario Federation of Anglers and Hunters.
(Mr. Sutton)

The patrol boat formerly operating in Lake Superior had been in the service for a considerable number of years, and had reached the condition where it was no longer safe or seaworthy.

It is hereby resolved that the Lake Superior Patrol Boat be kept in commission, or if its use has been halted, that the Lake Superior Patrol Boat be re-instated as part of the law enforcement body in that area. If the present boat is not considered usable, that a properly equipped boat be provided for the purpose of patrolling the waters previously covered by the old boat.

20. FLYING SQUAD:

Resolved that because of the increased amount of alleged poaching in Lambton County the Department of Lands and Forests send a Flying Squad composed of five or six officers into Lambton County on occasional week-ends during the year. This practice is necessary because the local game warden has an area of 8,000 square miles to cover, which is an impossibility.

Ontario Federation of Anglers and Hunters.
(Mr. Sutton)

There is at the present time no group of officers that could be considered as a flying squad or supplementary available for general duty throughout the Province.

There is a considerable advantage to having a small group of supplementary officers who are available for assignment to work at any place in the Province as special needs arise and this is under consideration by the Department.

21. GAME AND FISH LAW CHANGES:

Be it resolved that the Ontario Department of Lands and Forests, Fish and Wildlife Division, notify the Ontario Federation of Anglers and Hunters of any changes or impending changes in the Game and Fish Laws sufficiently in advance, so that they may be forwarded to their affiliated clubs for study and approval before they may be made law.

Do not believe this would be any easier to enforce than the present regulations. other coarse fish. When these higher price fish are present in quantity a full time fishery may be feasible. It would appear that the fishing referred to is not likely to support a full time operation. In fact it is only recently that the present coarse fishery was established. Would suggest that everything be done to encourage further coarse fish operations but that full time operation not be demanded. Some licences are not being operated at all and could be dropped.

1. The net income from fishing coarse fish is not sufficient to attract new competent professional full-time fishermen. The best that may be expected are active part-time commercial fishermen who will harvest coarse fish during spawning runs or whenever available in quantity.
2. The present licensed coarse fish fishermen excepting three licences are not employing the privilege of their licence and it would seem reasonable that these licences could be cancelled.

 Whereas fishing pressure on this species is increasing each year, and
 Whereas most sportsmen are trying to increase the standards of fishing,

1. Consideration be given to raising the legal length of the Rainbow Trout to twelve inches in South Georgian Bay.
2. Consideration also be given to a daily and possession limit of three Rainbow Trout in South Georgian Bay.

Ontario Federation of Anglers and Hunters. (Mr. Sutton)

Minimum size limit—7 inches.
 Daily and possession limit—5.

Manitoba—size limits on all species removed.
 Quebec—10 inches.
 New York—7 inches.
 Pennsylvania—6 inches. (inland).

Michigan—7 inches.
 The value of minimum size limits is questionable, but this request will be referred to the District Biologists concerned for further study.

RESOLUTIONS 44 TO 51:			
Preamble:			
<p>We are here before you representing the Algoma Conservation Council, which is</p>	<p>The Algoma Conservation Council composed of Algoma</p>		

composed of representatives of the principal District of Algoma Organizations interested in or concerned with fish and wildlife conservation.

In S.S.M. today there is great concern over the serious depletion of lake trout and whitefish in Eastern Lake Superior. We would like to describe to you conditions which currently exist and offer our opinions as to what should be done about it.

The Department of Lands and Forests reported that the 1955 production of fish by commercial fishermen dropped by 25% from the previous year. Lake trout production fell from 997,000 pounds in 1954 to 789,000 pounds in 1955, while whitefish production fell from 240,000 pounds in 1954 to 194,000 pounds in 1955.

During 1955 chub net fishing was permitted as an experiment and 330,000 pounds were taken as compared to 89,000 pounds the year before. Using the gill type net for chub, which is a 2½-inch mesh rather than the standard 4¾-inch mesh brought about this increase in the chub production. It is also estimated that in a period of lifts covering three or four days 1,200 pounds of undersized trout also were taken.

In the past year the experiment was not continued in this part of Lake Superior *but was continued in the northwestern section of the lake.* This council expresses the hope

that the experiment will not be resumed in the eastern part of the lake. The damage already has been done and as a result there was very little large scale commercial fishing within 100 miles of Sault Ste. Marie, Ontario, and commercial operators moved further north because of the lack of fish in the southeastern area.

We should make it clear first of all that we are not commercial fishermen and we are not representing any commercial fishing interests. The presence of fish in Lake Superior is of vital concern to everyone in Sault Ste. Marie and their absence affects us all. Commercial people who make their living by this means are most immediately affected, but they are only one small group concerned.

Although the Eastern Lake Superior Commercial Fishermen's Association is affiliated with and is represented by this Council, we would like to make it clear that the Council represents much more than commercial interests. The presence of game fish in Lake Superior is of vital concern to S.S.M., Ontario, and their presence affects all of us.

During 1956 Sault Ste. Marie and Algoma entertained more than 300,000 American tourists, a large number of whom are fishermen who have been coming to Algoma for

many years. Fishing in Lake Superior has deteriorated to the point where many tourist operators report parties who have stated they are not coming back. This Council knows of tourist operators who are learning various water sports to interest their guests because sport fishing has become virtually a thing of the past in their area.

In addition to this, almost every type of business is affected by the tourist business. There are businesses which handle the type of merchandise sought by Americans. There are those in the catering business who depend on them. And the money left behind by the tourist influx reaches all parts of the community. Loss of Lake Superior fishing will definitely mean less American money entering Canada at the Sault.

It is also true that the Sault contains a goodly number of enthusiastic amateur fishermen. This council is just as interested in preserving good fishing in Lake Superior for purely selfish reasons, one of our favourite outdoor sports. With proper administration and control we can be assured good sport may be brought back and maintained for years to come.

There will naturally be some concern for those people who are currently making their living at commercial fishing. We are going to offer some recommendations which may, if put into effect, curtail some of the com-

mercial activities. However, we would remind you that the total take from fresh water fish in 1956 was \$000,000. On the other hand the Department of Travel and Publicity estimates that American tourists alone brought more than \$200,000,000 into this Province in the same year. It would be impossible to estimate the amount of money spent by Canadian sports fishermen in Ontario waters. If a few commercial fishermen may suffer from reasonable legislation designed for the general good, hundreds more are benefiting from a trade which at least partially is dependent upon good fishing.

Our Council takes the view that the depletion of the better species of fish in Lake Superior may be traced to certain specific causes: the growth in numbers and the spreading of their havoc of the sea lamprey; the increased population in Lake Superior of the smelt which in the spring feast upon the fry or eggs of lake and rainbow trout in particular, or upon similar food which may be found in the streams at that time; and too heavy a drain on the fish population commercially. Resident in the lake in numbers only in the last decade, the lamprey have grown greatly in numbers and gradually pushing further and further into the lake where they now may be found

100 miles from the St. Mary's River. Smelt have been present for a longer period but were virtually unknown until 20 or 25 years ago. Now every good stream for scores of miles northward is jammed with them in the spring, and may be caught by the bucketful, merely by dipping a basket or bucket.

Perhaps if the lamprey and the smelt did not constitute such a double threat, one to the adult fish, the other almost before they have hatched, the present danger from commercial fishing would not be too great. There is no doubt, however, that the lake cannot continue to reproduce sufficiently to replace the numbers killed by parasites and taken commercially.

This Council wishes to express approval of the Department of Lands and Forests in rebuilding of the Tarentorus Rearing Ponds, chiefly for the restocking of speckled trout and other species in the inland lakes. We feel this is a step in the right direction and express the hope that other rearing ponds also may be established to further this work.

Because of the heavy depletion of game fish life in Lake Superior, however, this council feels that a similar, and perhaps larger, program is needed for the restocking of lake trout in Lake Superior. The Council is aware that the planting of fry would be

RESOLUTION	BY WHOM	PRESENT STATUS	COMMENTS
<p>wasteful, since few would survive against predators. However, lake trout grow quickly and two-year-old trout reared similarly to speckled trout, would have a good chance of survival since they would not be exposed as fry to smelt, and would not become prey to the sea lamprey until growing considerably larger. When facilities for such a program have been arranged, a concerted effort will be needed to obtain suitable parent stock, or fish eggs from Lake Superior itself.</p> <p>The Algoma Conservation Council would like to submit the following recommendations for the consideration of this Committee:</p>	<p>Algoma Conservation Council. (Mr. R. Curran)</p>	<p>Federal, provincial and state agencies are actively engaged in control measures under the jurisdiction of the International Commission on the Great Lakes Fisheries.</p>	<p>A closed season in the State of Michigan did not save the lake trout in Lake Huron and Lake Michigan.</p>
<p>44. Continued warfare on the sea lamprey by every means which proves effective.</p>	<p>Algoma Conservation Council.</p>	<p>There is no closed season on lake trout in the Great Lakes and international connecting waters.</p>	
<p>45. A closed season on all types of trout fishing during the spawning season.</p>			
<p>46. No chub net fishing licences to be issued for Eastern Lake Superior.</p>	<p>Algoma Conservation Council.</p>	<p>No licences of this nature have been issued excepting</p>	

the one for research purposes two years ago, and it was for one year only.

An extensive programme of this nature is now underway; we hope to be in a position to plant thousands of lake trout yearlings in Lake Superior in 1958, and each succeeding year, unless the action proves hopeless, because of the sea lamprey. The lake trout planted will be marked and a close follow up of their capture will be undertaken by the Research and Fish and Wildlife staffs of the Department. Rearing ponds are available at the recently renovated Dorian and Sault Trout Rearing Stations. Additional pond space is being provided at the Sault.

Issuing of commercial fishing licences is under close scrutiny at all times.

This will be studied by the International Commission for Great Lakes fisheries.

This should be a part or function of commercial fishing activity and is currently under study for all of the Great Lakes as well as some inland waters.

RESOLUTION	BY WHOM	PRESENT STATUS	COMMENTS
<p>and methods used by commercial and sport fishermen and to supervise areas granted licences and type of nets.</p>	<p>Algoma Conservation Council.</p>		
<p>RESOLUTIONS 44 TO 51 CONCLUSIONS:</p>			
<p>Mr. Chairman, our Council is aware that the Federal Fisheries Department and the Ontario Fish and Wildlife Branch are working in co-operation with the International Fisheries Research Board in the study of the lamprey. We are aware that efforts are being made to combat the lamprey, using electric weirs or barriers at the entrances to rivers and streams, and our Council commends those efforts.</p>			
<p>We would like to suggest, however, that more safeguards may be effectively used to preserve fish life while destroying the lamprey. We suggest that methods used in the Pancake River, placing nets above and below the electric barriers, should be tried in other rivers as well. Some rivers are too deep or too fast for effective netting, but the method would be quite feasible and effective in others. It might be possible to save most of the fish and still allow them to use the streams to plant their spawn.</p>			
<p>Your Committee has heard before the proposal to close all trout fishing during the spawning season. We are sure you are aware that we cannot expect to have fish in plenty</p>			

into perpetuity unless we have young fish spawned and reared every year. Depending upon the species, these spawning periods occur at varying periods, and it would be difficult to fix a time in advance which would apply to all species in all areas. However, in areas where such periods are known, fishing could be closed for a brief period without hardship to commercial interests. In fact many fishermen last year did not fish their areas anyway for weeks at a time.

Perhaps until large rearing ponds have been prepared there would be little point in gathering spawn for future planting. However, we urge upon the Department the development of more rearing ponds and the gathering of spawn, as a means of restocking depleted Lake Superior.

This Council is grateful to the Department in the banning of chub net fishing in Eastern Lake Superior last year and hopes that this policy will be continued. It is our feeling that the killing of small trout contributed greatly to the present state of depletion, and a continuation of this ban is necessary to allow a new population to arise in that portion of the lake.

It is the belief of this committee that a lack of proper control over licensing has contributed to the depleted condition of the lake. There is no patrol boat to see that such regulations as exist are observed. We

RESOLUTION	BY WHOM	PRESENT STATUS	COMMENTS
<p>will return to the matter of the patrol boat later in this brief. Some commercial fishermen have obtained a licence for one net or two and perhaps more, without even being required to own more than a rowboat. Lake Superior is a very large body of water, and is dangerous at most times for anything so small as a rowboat, and at many times even for larger and better equipped boats. It is dangerous at most times for fishermen attempting to tend their nets in small boats. As a result nets of some of these small operators very often are not lifted for many days at a time. They become loaded with fish which usually die after contact with the net. Dead fish, rotting in the water, are not marketable so they are just dumped back into the lake, literally thousands of them. The nets are taken in, often in rotting condition, patched by the fishermen and reset, very often to again go untended in stormy weather simply repeating the process with rotten carcasses. We believe that requirement of ownership of proper safe equipment would eliminate this destruction to a very great extent.</p>			<p>The Licensee who has only a small boat has generally a licence of 6,000 to 12,000 yards. Due to the low temperature of the water in Lake Superior, fish can remain in the nets three or four days and still be of fair quality. Thus, when a storm hits, the small operator does not have a large amount of net to lift and can usually run all the nets he has in the lake on the first day he is able to again get out to the nets. The Department, of course, urges that nets be lifted just as frequently as possible to avoid all possibilities of spoiled fish.</p>
<p>Earlier in this brief we mentioned the dual threat of the sea lamprey and the smelt, one to the adult lake trout, the other to their spawn and fry. It is the belief of this Council that should the electric weirs be set</p>			

up and turned on early in the spring, both smelt and lamprey would be dealt with similarly, and the better fish species would have a greater chance to survive and multiply.

Recommendations have been offered before that, if a safe and effective method may be found, coarse fish be removed from the lake. These species are a menace and a nuisance to all concerned. They tear the nets of commercial fishermen, certain species cause severe rot, and they prey on the smaller of the more desirable species. This council suggests that biologists employed by this Department should make a study of this problem, and seek methods for the reduction of coarse fish in the lake.

Lastly our Council would like to recommend again the re-establishment of a patrol boat, or boats, in Lake Superior. At present it is virtually impossible to enforce those regulations which apply to fishing of any type except in the inland lakes. Conservation Officers who may wish to reach certain areas in the lake, to see for themselves whether regulations are being observed, are at the mercy of boat owners who may be commandeered to assist, and who themselves may be offenders.

Both commercial fishermen and the real sports fishermen would welcome the presence of one or two patrol craft, well equipped

RESOLUTION	BY WHOM	PRESENT STATUS	COMMENTS
<p>and with good speed and manned by experienced boatmen, to see that regulations relating to both commercial and sports fishing are observed. Commercial fishermen then would have to set their nets properly and mark them properly. Sportsmen would have to abide by the rules, and poachers, either Canadian or from across the border, would find Lake Superior unhealthy for any but lawful fishing. We are aware that this could only be done at some cost, but believe the price justified to preserve good fishing for everyone.</p>

Be it resolved that all Box Hides used for duck hunting be placed under the jurisdiction of the Park Superintendent, and that he be instructed to charge a fee for the erection of the said box hide and to be responsible for the removal of the stakes driven for the erection of such hide.

64. DUCK FEEDING:

Whereas the feeding of Ducks as practised at present by private clubs on their preserves is a detriment to good conservation; and

Whereas these private clubs stop feeding when the legal duck season closes and thousands of ducks that have been induced to winter over in the Lake St. Clair area by this feeding are left to starve through a food shortage;

Therefore be it resolved that the feeding of ducks, except in designated sanctuaries under control of suitable Federal or Provincial Authorities, be prohibited by law and said law be enforced.

Many clubs set up feeding areas on a plan approved by the R.C.M.P. but reports indicate a drive on illegal practices is due.

As long as there is no snow on the ground there is plenty of waste grain in fields, available to the ducks as soon as the season is over and there is no foundation to the statement that ducks are induced to winter. If the ground is bare there is plenty of natural inducement.

<p>66. CLOSED SEASON DEER:</p>	<p>Whereas there is at present an open season for deer in the area between the village of Beardmore and the town of Hearst; and Whereas this area has been devoid of deer for many years until lately when pulp companies have begun to cut the area over so that deer are now beginning to filter into the area from both east and west;</p>	<p>Present deer hunting is so light that it could not possibly affect the build-up of a herd. At the same time, a prohibition would not affect many people.</p>	<p>Therefore be it resolved that we request the Department of Lands and Forests to close the area to deer hunting from Beardmore to Hearst both north and south of the highway so that these animals have an opportunity to reproduce to a degree to permit an open season with good hunting in the future, and that the season remain closed in this area until enough deer appear to warrant an opening of it again.</p>

Whereas hunters who must vacate camp on foot cannot bring out as much meat as those coming by boat and may be forced to leave food, deer, etc., behind;

Therefore be it resolved that the Department of Lands and Forests be requested to set the opening date for the deer season on the first Monday of November in the Parry Sound District except in the area bounded by the Mattawa and Ottawa rivers on the north, Highway 11 on the west, Highway 60 and 62 to Pembroke on the east.

RESOLUTIONS 76 TO 82—PREAMBLE:

The Algoma Conservation Council came into existence only in the last year. While our affiliated organizations which we represent here today, are interested in conservation generally our chief interest is in conservation of fish and wildlife in the District of Algoma. Recommendations which we will offer at this time are proposed only for the District of Algoma.

Our Council came into existence because of a general feeling of alarm. Your Committee yesterday heard recommendations pertaining to fish. Our feeling of alarm also extends to regulations concerning wildlife which our Council feels threatens the continued existence of such wildlife.

We would point in particular to the long moose season, which permitted the shooting of any moose, over a territory extending from the north shore of Lake Huron to the northern Canadian National Railways Line,

Algoma Conservation
Council.
(Mr. Curran)

Moose inventory by Sault Ste. Marie District shows that in spite of enlarged season the moose kill last year was less than the annual increment.

RESOLUTION	BY WHOM	PRESENT STATUS	COMMENTS
<p>starting as early as October 13. Strong protests from various Algoma groups failed to alter this startling development.</p>	<p>Various members of this Council or affiliated organizations, and officials of the Algoma Central Railway, have reported a certain amount of wastage of meat resulting from the very early moose season, or from long distances the meat had to be hauled without refrigeration. This council learned of instances where moose rotted on the ground because they could not be taken out quickly enough in the unusually warm autumn weather.</p>	<p>Cold settles in this district at varying times, and seldom are there freezing temperatures, sufficient to keep moose meat satisfactorily, until November first or later. The very early opening of the moose season in 1956, plus the late arrival of cold weather, undoubtedly caused some wastage despite efforts of hunters to remove meat to freezers as quickly as possible. There were instances where carcasses had to be completely abandoned.</p>	<p>Because the northern area is not easily accessible, and therefore the kill unlikely to be serious, we do not propose any changes in the season north of the Canadian Pacific Railways Transcontinental Line. However, this Council will recommend a later season</p>

in the southern, more accessible portion, and some limitation on what is to be allowed to be killed.

This Council also found disconcerting the fact that seasons were announced so late that protestations could not be heard. The chief answer received in reply to protests was that the season had been announced and it was too late to make a change. It is the feeling of our organization that dates for such seasons could be set much earlier, so that hunters could know well in advance and make their plans accordingly. This should apply to all hunting seasons, not merely to moose.

This Council also is concerned with senseless wounding of game, which perhaps cannot be trailed and killed. Quite often such wounded animals manage to evade their hunters but later die and rot. The banning of the use of .22 rifles, except under licence, during deer and moose season, would save much of this waste. Licences for .22 rifles would specifically state they are not to be used for deer and moose.

Many more Conservation Officers are required to enforce game laws in the vast area of which the District of Algoma is comprised. While the Council commends the Fish and Wildlife Division for the employment of several biologists for the study of life and habits of many species, we feel

RESOLUTION	BY WHOM	PRESENT STATUS	COMMENTS
<p>that the employment of several veteran woodsmen familiar with the various regulations, also are needed to enforce such laws. While we recognize that even a large force of officers could not cover the entire district at one time, the knowledge among hunters that there are several officers at several check points would tend to encourage observance of the game laws.</p> <p>The Algoma Conservation Council therefore would like to respectfully submit the following recommendations for your consideration.</p>			
<p>76. DEER SEASON: The deer season of 1956 was satisfactory and should be continued.</p>	Algoma Conservation Council. (Mr. Curran)		
<p>77. MOOSE SEASON: The moose season in the District of Algoma, south of the Agawa River and east as far as the Chapleau road, should not open before November 1st, and the shooting of bulls only should be permitted. As better access roads extend northward around Lake Superior and in the area eastward south of the Canadian Pacific Railway main line as far east as Chapleau, extension of the shorter season should be reconsidered from year to year.</p>	Algoma Conservation Council. (Mr. Curran)	Last year's season October 13 to December 24 over a large area. At beginning of season there were 1820 moose. Kill was 354 or less than increment. Present stock estimate for next October over 1900 moose.	No biological reason to change season.

78. The earliest possible notice should be given to hunters on the various seasons for hunting of wildlife.
- Algonia Conservation Council.
(Mr. Curran)
79. CONSERVATION OFFICERS:
More Conservation Officers are required to enforce the various hunting regulations.
- Algonia Conservation Council.
(Mr. Curran)
80. FISH AND GAME LAWS:
Copies of Fish and Game Laws should be printed in several languages for distribution to new Canadians.
- Algonia Conservation Council.
(Mr. Curran)
81. .22 CALIBRE RIFLES:
No .22 calibre rifles should not be permitted in the bush during deer and moose season except under proper licence.
- Algonia Conservation Council.
(Mr. Curran)
82. GUN AND HUNTING LICENCES:
More strict regulations relating to the issuing of gun and hunting licences be adopted and rigorously enforced.
- Algonia Conservation Council.
(Mr. Curran)
- Printing costs are largely in the initial issue. Consequently a French edition would cost almost as much as our English edition, though few copies would be used. One of the first responsibilities of a new Canadian is to learn the language.
- Unless the resolution is misunderstood, this is already true.

COMMENTS	PRESENT STATUS	BY WHOM	RESOLUTION
			<p>It will be noted that while this Council suggests changing the moose season we offer no such suggestion regarding deer. Our deer season is wide open and there always seem sufficient numbers. We are proposing that the moose season be opened on the same date, until the moose population has increased, to save the cows for reproduction. The later season would greatly reduce wastage of meat. Earlier we dealt with the need for early setting of seasons and the need for more Conservation Officers. We would also draw to your attention that we have among us a great many new Canadians from all over Europe, some of whom undoubtedly will be hunters. This Council suggests that providing Hunting Regulations in their own languages may help to prevent abuse of the laws through ignorance.</p> <p>Our seventh recommendation, pertaining to more strict control over the issuing of licences is an endorsement of the recommendation of the Ontario Conservation Council, offered to this Government early in January. The use of firearms by careless, ignorant and inconsiderate persons is abhorred by our organization. Today anyone may obtain a gun or hunting licence merely by applying for one. Persons should be required to demonstrate that they understand how to operate a shotgun or rifle, and that they</p>

further understand the dangers to themselves and others through improper or careless use of such weapons.

83. BOUNTY ON WOLVES:

Supported Mr. Bishop's resolution No. 75 that the bounty on wolves should be continued until some other more effective method can be devised.

84. MOOSE SEASON:

Indicated approval of moose season south of the French as last year but not necessarily the \$25.00 licence fee.

85. GAME AND FISHERIES ACT:

Objected to Section 21 of the Game and Fisheries which says that every man must get his own deer—not general practice and should be discontinued.

86. Asked for zoning of hunting areas.

Ontario Trappers' Association.
(Mr. R. Bice)

At present camps are zoned, but hunters are not. Even that control can only be applied for Crown areas.

87. That we thank the Minister, Deputy Minister and all other members of the Department of Lands and Forests and Division of Fish and Wildlife for the help and assistance given not only the association, but all trappers in Ontario.

RESOLUTION	BY WHOM	PRESENT STATUS	COMMENTS
<p>88. FUR BUYERS: That the present structure of licensing fur buyers be abolished, and that licences be set at \$10.00 for residents and \$25.00 for non-residents and that all licensees be permitted to travel to buy fur without restriction as to time and place.</p>	Ontario Trappers' Association. (Mr. R. Bice)	Present licences run from \$25.00 to \$200.00.	When the fur trade is active licences are in demand. Now the licence is actually a deterrent to trading.
<p>89. SEASON: That the season for mink, beaver and muskrat be opened on October 15th on a trial basis.</p>	Ontario Trappers' Association. (Mr. R. Bice)	Opens November 1st.	Some experimental evidence supports this.
<p>90. MOOSE OR DEER: That special permission be given to licensed trappers to take one moose or deer on his trapline area at any time that his trapping licence is valid in any area where an open season is provided for such game.</p>	Ontario Trappers' Association. (Mr. R. Bice)	No such permission.	Already entitled to buy a licence and hunt in season.
<p>91. WOLVES: That money be provided to undertake a study of wolf population and the effect of such control on big game populations.</p>	Ontario Trappers' Association. (Mr. R. Bice)	No study.	We certainly need information.
<p>92. BOUNTY ON BEARS: That the bounty on bears be extended to cover the entire Province.</p>	Ontario Trappers' Association. (Mr. R. Bice)	Already covers all areas where bears are found except where there is no settlement.	

93. **WOLVES AND BEAVER:**
That the Department gather together as much information regarding wolves and beaver and on methods of trapping them, and that this information be issued in pamphlet form, and distributed to all trappers.
- Ontario Trappers' Association.
(Mr. R. Bice)
- A trapper's guide would be useful.
94. **SNARE WIRE MANUFACTURER:**
That the Department advise all Districts the name and address of the firm that manufactures the snare wire distributed to a limited number of the trappers by the Department, so that all trappers may be advised where to purchase this wire.
- Ontario Trappers' Association.
(Mr. R. Bice)
- This information is available to any trapper on written or verbal request to any District or Toronto Office of Department of Lands and Forests.
95. **GAME AND FISHERIES ACT:**
That Section 32 be amended, permitting traps to be set on or near a beaver house.
- Ontario Trappers' Association.
(Mr. R. Bice)
- Activities may be on a permissive basis when Act is revised.
96. **GAME AND FISHERIES ACT:**
That in the new Fish and Game Act Blue Book, trapping regulations be grouped in one place in said book.
- Ontario Trappers' Association.
(Mr. R. Bice)
- We anticipate issuing this Fall summary of the Regulations applicable to trapping and fur dealing.
97. **.22 CALIBRE RIFLES:**
That there be a serious effort made to control, or if necessary eliminate the use of .22 calibre rifles for hunting, except by a trapper on his trapping area, and while engaged in the business of trapping.
- Ontario Trappers' Association.
(Mr. R. Bice)
- Can we regulate sportsmanship? If it is reasonable for .22 to be used we cannot circumscribe its use too much.

RESOLUTION	BY WHOM	PRESENT STATUS	COMMENTS
<p>98. APPRENTICE ON TRAP LINE: That trappers be allowed to take an apprentice on his trap line. There are occasions when some person wishes to learn how to trap, and it is felt this would enable beginners to have first hand knowledge. Said apprentice would not need to have a trapping licence.</p>	<p>Ontario Trappers' Association. (Mr. R. Bice)</p>		
<p>99. ROYALTY ON MINK AND MUSKRAT: Asked to have royalty on mink and muskrat reduced.</p>	<p>Ontario Trappers' Association. (Mr. R. Bice)</p>	<p>Under consideration.</p>	
<p>100. COUNTY LICENCE: Recommended that licence at a fee of \$1.00 for any designated County be issued and endorsed for a further fee of \$1.00 to be valid any place else in Ontario.</p>	<p>W. B. Elliott, St. Catharines.</p>	<p>\$1.00 for a County.</p>	<p>In any group of people on whom a restriction is imposed there are sure to be some who never abused the liberty previously allowed.</p>
<p>101. SUMMER HUNTING LICENCES: Indicated disapproval of present summer hunting licence and recommended that one licence be valid south of the line named in the Bulletin of January 15, 1957, and that it should be changed this summer.</p>	<p>Ontario Federation of Anglers and Hunters. (Mr. Sutton)</p>		<p>The purpose is to improve farmer-sportsmen relations.</p>

103. OPENING OF DUCK SEASON:

Recommended that the starting time on the opening day of the duck season should be at 9 a.m. instead of noon.

Port Rowan Chamber of Commerce.
(J. Miller)

Opens noon on first day only.

Noon opening was very well received.

104. DUCK BLINDS:

Whereas it is the practice of some so-called sportsmen in the Niagara District and no doubt in other sections of the Province of Ontario to abandon their duck blinds at the close of the duck hunting season; and

St. Catharines and Lincoln County Game and Fish Protection Association.
(Mr. James A. Wilson)

The Game and Fish Act does not deal with hazards to navigation.

Some other body would presumably be competent to deal with this.

Whereas the winter elements such as ice, snow and wind, cause these duck blinds to fall apart; and

Whereas other types of sportsmen such as fishermen, motor boat enthusiasts, water skiers, etc., use these same waters for their enjoyment but with the ever present danger to life and sporting equipment of these abandoned and in some cases submerged duck blinds;

Therefore be it resolved that the Department of Lands and Forests of the Province of Ontario enact a law to clear up this situation by making it an offence punishable by law to abandon floating type duck blinds

<p>in any navigable waters of the Province of Ontario.</p>			
<p>105. DUCK HUNTING:</p>			
<p>Whereas it is the custom of many duck hunters to walk the shores of lakes, rivers and other bodies of water when hunting for ducks and geese; and</p>	<p>St. Catharines and Lincoln County Game and Fish Protection Association. (Mr. James A. Wilson)</p>		<p>Is the law the custodian of ethics and sportsmanship?</p>
<p>Whereas these sportsmen must realize if game was killed and fell out of reach of the hunter on shores of these said waters it would be impossible to retrieve the downed game thus causing unnecessary waste; and</p> <p>Whereas such action is contrary to the Act and Regulations of the Ontario Department of Lands and Forests "Article No. 67 of the Summary of the Ontario Hunting Regulations 1956" which reads "You are respectfully requested to note that it is contrary to the Act and Regulations, No. 67, To allow the flesh of any animal or bird taken, and suitable for food, to be destroyed or spoiled, or the pelt of any fur-bearing animals to be destroyed or spoiled.";</p>			
<p>Therefore be it resolved that the Ontario Department of Lands and Forests include in its rules and regulations laws compelling hunters of waterfowl to have available while hunting such game, some means of retrieving said game such as a boat or retriever type of dog.</p>			

106. RUFFED GROUSE:

Whereas it has been the policy of the Department of Lands and Forests to have the open season on Ruffed Grouse set at various lengths in different sections of the Province; and

Whereas the very short season set for the southern section of Ontario limits the amount of hunting residents of this section of Ontario may enjoy without travelling far afield;

Therefore be it resolved that the open season for Ruffed Grouse in the Niagara Peninsula of Ontario be set at two (2) weeks beginning with the 1957 season.

107. CARRYING OF FIREARMS:

Whereas the rules and regulations of the Department of Lands and Forests of the Ontario Government leave much to be desired as to the securing of licenses to carry firearms in the Province.

Therefore the St. Catharines and Lincoln County Game and Fish Protective Association recommends that the Ontario Department of Lands and Forests establish a new set of regulations governing the purchase of gun licences, incorporating the following:

- (1) Eligible for a Resident Gun Licence:
 - (a) Any British subject, 16 years of age, having resided in the Province of Ontario for one year.
 - (b) Any naturalized Canadian, 16

One-week season.

The season suggested could not affect the grouse adversely.

St. Catharines and Lincoln County Game and Fish Protective Association.
(Mr. James A. Wilson)

If we are to improve our licensing in the interest of safety we could do well to look to Highways. There, there is no non-resident licence as the outside licences are all recognized here. Our interest in having non-resident licences is revenue. In the resident licence Highways work on the basis of initial qualifying and subsequent renewal. The system suggested in the

<p>(2) Non-resident Licences (at extra fee):</p> <p>(a) All sportsmen residing outside of the Province of Ontario.</p>			
<p>(b) All foreign-born residents of the Province of Ontario who do not qualify under the above resident ruling.</p>			
<p>(3) (a) That an examination on the handling of firearms and hunting laws be passed by all applicants before receiving a gun licence.</p>			
<p>(b) That the licence holder must return his previous year's gun licence before receiving his renewal (similar to auto licence).</p>

somewhat of a pest by attacking their trees and crops; and

Whereas the great many pheasant hunters who are afield are stopped by law from co-operating with the farmers by eliminating this pest and so creating better farmer-hunter relations;

Therefore be it resolved that the Department of Lands and Forests of the Province of Ontario take this into consideration when setting the 1957 open seasons for hunting and have the first day of the open season on pheasants, rabbits and hares be one and the same day in the County of Lincoln.

142. SUNDAY HUNTING:

In view of the meeting of the Fish and Game Committee which is about to be held permit us to state that the Lord's Day Alliance of Canada believes it would be unwise to accede to any request which might be made for the removal of legal restrictions against Sunday hunting. As this request has been made on several occasions by the same persons or by the same or similar groups we should like to keep our objections before the Committee.

We have supposed it would weigh seriously with the Committee and with other sportsmen that Sunday hunting is likely to bring out so many more hunters than on weekdays that it would add greatly, and perhaps disastrously to the slaughter of wildlife. We believe that this important consideration ought to appeal strongly to sportsmen and, particularly, to conservationists.

While we share the above opinion with others, the concern of our organization is, of course, centred more upon people than upon wildlife. We believe that any increase in Sunday hunting would constitute a distinct hazard in Ontario, except, it might be, in some remote parts of the Province. Sundays undoubtedly provide an occasion

for large numbers of people to enjoy the outdoors. These people should be free to enjoy themselves without being exposed to the danger of firearms. Certainly, in our opinion, no hunting on Sundays should be allowed in any part of the Province south of a line drawn north of Sault Ste. Marie to Highway No. 11. In Northern Ontario no hunting should be allowed within a considerable number of miles of any community from which Sunday picknickers and pleasure seekers undoubtedly go into hunting areas. We state our position thus in order to point out the principle of safety and of freedom to enjoy Sunday without danger from hunters.

Those who have been requesting a change in Ontario law appear to be unaware of another law which governs Sunday custom in respect to hunting. We refer to the Lord's Day Act of Canada. Section 9 of that Act

"It shall not be lawful for any person on the Lord's Day to shoot with or use any gun, rifle or other similar engine, either for gain, or in such a manner or in such places as to disturb other persons in attendance at public worship or in the observance of that day."

This has the effect, in our opinion, of forbidding Sunday hunting in any area of population where it would undoubtedly

interfere with people in their enjoyment of the day. Ontario law reinforces the Dominion law by making the issue clear and perhaps more emphatic to some who seem to be unaware of the existence and the implications of the Dominion law. We believe it to be in the public interest to retain Ontario restrictions against Sunday hunting. We respectfully ask the Committee's sympathetic acceptance of these important considerations.

143. I have been instructed by Council of the united townships of Palmerston, North and South Canonto, to request your Department, first to have the deer hunting season in these townships be one week only, second to request permission to poison wolves, this to be done under the supervision of the local game overseer.

W. H. Sargeant,
Clerk-Treasurer,
Townships of
Palmerston, North
and South Canonto.

It has been tentatively proposed and recommended that the 1957 deer season would be at least two weeks in the entire Tweed District lying north of highway 401. We feel that the present deer population has not been affected by the hunting pressure over the past years and this includes the townships of Palmerston, North and South Canonto.

Approximately one-half the above mentioned townships are made up of Crown land with a large number of hunters hunting from organized camps under land use permits. These hunters are against a short season and their success has not undergone any noticeable change.

A research program in South Canonto in connection with deer has been going on for the past two years, and Mr. Robin Hepburn, biologist in charge, can perhaps give figures of that area which would strengthen our case for a longer deer season and a greater take. To administer such an area having a one-week season only would certainly bring forth many enforcement problems.

The wolf population in the townships of Palmerston, North and South Canonto is not considered to be high according to our field personnel. Trappers are unanimously against the use of poison. Every year at regular trappers' meetings this question is brought forward for discussion but the trappers are definitely against the use of poison for taking wolves.

144. Resolved that the area secured by the Ontario Northland Conservation Federation be included in the Northern Zone of the Migratory Convention Act, thus providing a regular opening of September 15th each year.

145. I beg to advise you that at the March Session of the Council of the County of Victoria a resolution was passed asking that the time of the hunting season for that part of the Province of Ontario lying south of the French and Mattawa Rivers commence on the first Monday in November of each year instead of various commencing dates that have been effect for the last few years.

Clerk and Treasurer,
County of Victoria.
